TWELVE PAGES—FIVE CENTS

EXECUTE CONVICTED MURDERERS—Convicted murderers, Victor Roa Cortes, 25, and Ricardo Portales, 31, are executed simultaneously by a firing squad in what is probably the last execution of this type in Pitrufquen, Chile. A bill is now before the Chilean congress to replace the firing squad with a gas chamber. Policeman (left) points to Ricardo's head in silent suggestion that he be put out of misery with a shot through the temple, but doctor (right) signals with his hand to wait.

Votes \$31 Billion Military Budget; No Cut In Marines

By JERRY T. BAULCH
WASHINGTON (AP)—The Senate voted unanimously Monday for a \$31,882,000,000 military defense outlay after overriding President Eisenhower's plan for a 22,000-man cut in the Marine Corps by mid-1956.

The vote on the big money bill was 80-0. It came shortly after the Senate voted by a hairline 40-39 to add 46 million dollars to keep Marine Corps strength at 215,000 men instead of the 193,000 Eisenhower asked.

The House, which passed the bill earlier, must now act on the extra money voted the Marines for the fiscal year starting July 1. Plans to prevent a similar reduction in Army manpower were dropped in the face of apparent defeat. A move to increase Air Force funds also was abandoned after the Air Force recommended quantity production of two new supersonic jet fighters.

The Senate action followed a far-ranging debate that touched on all the military services and centered primarily on Eisenhower's status as a military expert. A group of Democrats, led by Sen. Symington of Missouri, former Air Force secretary, urged that the President not be followed "blindly." They foresaw great dangers to U. S. security raised by planned reductions in military ground forces. Republicans, led by Sens. Saltonstall of Massachusetts and Margaret Chase Smith of Maine, urged the Senate to accept Eisenhower's judgment on armed forces strength.

Symington, who sponsored the increase in Marine Corps funds, dropped the other two amendments he had planned to introduce. One would have added 250 million dollars to prevent an 88,000-man reduction in the Army, and the other would have provided 200 million dollars to speed up production of supersonic jet fighters.

He dropped the proposal for more air force funds after Sen. Chavez (D-NM) placed in the record a letter from Secretary of the Air Force Talbot saying the Air Force had recommended to Secretary of Defense Wilson "quantity production" of two jet fighter aircraft—the F101 and F104. Wilson had said earlier he would consider speeding up production if

the Air Force recommended it. However, the Senate adopted by voice vote an amendment by Sen. O'Mahoney (D-Wyo) to put Congress on record urging speed in aircraft production so the United States "will not fall behind any other nation" in this field.

Although Eisenhower failed to get the Marine Corps reduction from the Senate he won Senate and House approval for Army and Navy manpower cuts plus a 5,000-man increase in the Air Force. The Army would drop from 1,404,600 men to 1,027,000 by mid-1956, the Navy from 725,700 to 664,000.

Of the funds approved Monday, the Army would get \$7,330,000,000, the Navy and Marines \$9,071,000,000, and the Air Force \$14,739,000,000. The remainder would be for interservice activity.

Before final passage, the Senate beat down 48-33 an amendment by Sen. Mundt (R-SD) to knock out of the bill a section limiting the power of the Defense Department to turn some of its functions over

to private enterprise.

The move to keep up Marine Corps strength was supported by 37 Democrats and three Republicans—Sens. Langer (ND), McCarthy (Wis) and Wiley (Wis). Eisenhower's figure was supported by 37 Republicans and two Democrats—Sens. Holland (Fla) and Thurmond (SC).

Sen. Russell (D-Ga), chairman of the Senate Armed Services Committee, told the Senate all the planned reductions in military manpower "are unfortunate." But the one for the Marine Corps "is tragic," he said.

Russell said he did not care who advocated reducing the Marine strength "there is no way on earth to justify it." He said the cuts would make replacements impossible.

Recalling how the United States stripped itself of costly military strength after World Wars I and II, Russell asked the Senate to keep the Marines "strong" at least until after next month's Big Four talks.

Freed Yank Tells Of 33 Months' Mental Torture As Chinese Red Captive

WASHINGTON (AP)—Thirty-three months in prison in Red China—33 months of bad food, dungeons, grueling "mental coercion," and finally a forced confession of flying under orders into Chinese territory during the Korean War.

This was the ordeal of Air Force Lt. Roland W. Parks, as set forth in diary form in a copyrighted article in U. S. News & World Report magazine. The story winds up with a trumped-up trial, an order of deportation, and freedom along with three other American fliers on May 31.

After hour on hour of questioning for day after day, coupled with loss of sleep and a low diet, Parks relates, "I could feel my resistance weakening."

"Solitary confinement," he says, "was my worst ordeal."

Beyond a kick and a couple of blows in an altercation with a guard, the diary of the 25-year-old pilot from Omaha records no physical brutality or torture—"The Chinese relied almost entirely on mental coercion."

Finally, on March 17, 1954:

"I was questioned for 10 hours, from 10 a.m. to 8 p.m. They made me re-copy every paper that I had written before, putting in changes that they dictated. . . .

"I had to admit, not just I flew over the Yalu River, but that I had flown into Chinese territory and over Chinese airfields, and that I had done this on orders of higher authorities. . . .

"By this time I would have written almost anything they told me. I think I would have written that I had dropped an atom bomb on Moscow if that was what they wanted."

"I had realized by then that you couldn't beat them. They would get you to admit something sooner or later, and it didn't seem to make any difference how long it took."

"From the very beginning they had a pattern of questioning that they followed, and no matter how hard you tried to resist they would, in time, get you to make some kind of an answer. They got you into a mood of complete hopelessness, where nothing seemed to matter."

An Air Force spokesman has said that the other jet pilots freed with Parks—Capt. Harold Fischer Jr. of Iowa, Lt. Col. Edwin Heller, Wynnewood, Pa., and Lt. Lyle Cameron, Lincoln, Neb.—also "confessed" that they crossed the Yalu River under Air Force orders. He said a false germ warfare confession also was abstracted from Fischer.

No disciplinary action apparently is planned against any of the four. The Air Force has declined to discipline any men for what they did while prisoners of the Chinese, on grounds their actions resulted from Communist abuse.

House Passes 7½% Federal Pay Increase

WASHINGTON (AP)—The House voted overwhelmingly Monday to raise the pay of more than a million classified government workers 7½ per cent. The Senate has passed a 10 per cent boost.

The bill now goes to a Senate-House conference committee to compromise the difference. Many House members said they expect the final figure to be 8 per cent.

There was no direct indication of how big a pay hike President Eisenhower would approve, although both figures were higher than the 5 per cent he recommended.

The House vote on the pay raise was 370-3, with three Republicans against it—Reps. Taber of New York and Mason and Vursell of Illinois.

The measure would apply to 983,057 Civil Service workers and some 90,000 employees of Congress and the judicial branch of government, the Department of Medicine and Surgery of the Veterans Administration, the foreign service and agencies whose pay is fixed by administrative action.

The new pay figure would be retroactive to March 1. As voted by the House, the increase would cost an estimated 325 million dollars a year.

HOW MIDWESTERN SENATORS VOTED

WASHINGTON (AP)—Here is how these Midwestern senators voted Monday as the Senate adopted an amendment by Sen. Symington (D-Mo) to maintain a Marine Corps strength at 215,000 or 22,000 over the strength planned by the administration for June 30, 1956:

Illinois—Douglas (D) for the amendment.

Indiana—Capehart (R) against.

Wisconsin—McCarthy (R) and Wiley (R) for.

Iowa—Hickenlooper (R) and Martin (R) against.

Missouri—Symington (D) and Hennings (D) for.

Quiz Contestant Ponders: Take 16 --Or Try For 32?

NEW YORK (AP)—Take the \$16,000 or gamble on winning \$32,000?

A 39-year-old policeman was sweating over that ticklish problem Monday night and not even coming close to an answer.

"The egotism of a scholar versus the conservatism of a large family—that's my problem," lamented Redmond L. O'Hanlon of Staten Island.

O'Hanlon, father of five children, boosted his earnings on a CBS television giveaway program to \$16,000 last week. He can quit and take his dough now or go back on the program Tuesday night and try for \$32,000. If he misses he gets a car as a consolation prize.

If he returns, he will be quizzed again on Shakespeare, the same as his last two appearances—and O'Hanlon has been a student of Shakespeare for years.

"I don't think I'll decide until tomorrow afternoon what to do," O'Hanlon said. "The television people said I can wait right up to the time of the program at 10 p.m. if I want to."

The people in charge of the program, "The \$64,000 Question," gave him three Shakespeare books to study in preparation for the next question.

"I've gone over them pretty carefully and had my friends give me tests," O'Hanlon said. "I did all right and they want me to go for the \$32,000."

If he does try and win Tuesday night, the following week he can try again for the top prize, \$64,000.

Experts See Film Of Race Tragedy; Do Not Fix Blame

LE MANS, France (AP)—A panel of experts Monday watched a complete motion picture of the racing tragedy that took 79 lives, but the experts did not pass judgement on the cars involved.

One expert also discounted reports that the body of the Mercedes racing car exploded in the intense heat of the accident during the 24-hour race June 11.

The panel, appointed by examining Magistrate Zadok Kahn to investigate the accident, concluded its second day's work again without announcing conclusions or fault-finding.

The Mercedes, driven by Pierre Levegh of France, left the track and plunged into the crowd.

Although meteorites have been observed for thousands of years, it was not until 1803 that modern astronomers were convinced that they reach the earth from outer space.

Ike Promises He'll Go To Meet 'In UN Spirit'

Urges Other 'Big Four' Leaders To Do Same In UN Anniversary Speech

By FRANCIS W. CARPENTER
SAN FRANCISCO (AP)—President Eisenhower Monday pledged himself to go to next month's Big Four meetings true to the spirit of the United Nations and devoted to the U. N. charter.

He urged the other chiefs of government of the big powers—France, Britain and the Soviet Union—to do the same.

Speaking from a flag-draped stage, the President opened the 10th anniversary celebration of the U. N. with a strong and emphatic reaffirmation of United States support.

For its second decade, he urged the U. N. to strive anew for a "glorious way of life" in which the atom, "dedicated once as man's slayer, will become his most productive servant."

The President spoke to two-score foreign ministers and hundreds of diplomats in the War Memorial Opera House where the U. N. Charter was signed 10 years ago next Sunday.

When Eisenhower finished his address, he turned from the rostrum and smiled at Soviet Foreign Minister V. M. Molotov.

Molotov returned the smile. The Russian was not wearing translation headphones but it was assumed he had understood what the President had said.

Shortly before he made his appearance, the foreign ministers of the United States, Britain and France held a last-minute closed meeting on the Big Four parleys. They arranged to hold their first formal session on that subject with Soviet Foreign Minister V. M. Molotov at a dinner Monday night.

Mindful of the hopes of millions of peoples for success at the Big Four parley beginning July 18 in Geneva, the President said:

"Within a month there will be a four-power conference of heads of government. Whether or not we shall then reach the initial decisions that will start dismantling

Says Evacuation Only Way To Save Many Chicagoans

CHICAGO (AP)—The only way "to save many lives" in the event of an H-bomb attack upon Chicago would be to get people out of the city, Defense Coordinator Pat Kelly said Monday.

Kelly met with Anthony J. Mullaney, director of the Chicago Civil Defense Corps, and the heads of various divisions of the corps to discuss proposed revisions in civil defense and to review the June 15 test exercise.

Kelly said the test exercise demonstrated that Chicago has developed its civil defense thinking as far as any other city. He added, however, that in respect to operations and control the corps scored only 75 per cent. He said this pointed to the need for a full-time trained staff to support the volunteer staffs of the several divisions of the corps.

Kelly added that until the recent exercise "Chicago has resisted the idea of evacuation." That thinking has been changed now, Kelly said, he added:

"It is incumbent on the Chicago area to develop a plan for evacuation. The city cannot get its people beyond the city limits without the cooperation of the suburbs as far as 50 miles. There must be a control authority to regulate evacuation and give the orders in Chicago as well as in the outlying areas. The federal and state Civil Defense agencies should join with Chicago in setting up this operation."

Gen. Robert M. Woodward, Illinois Civil Defense Director, said that based on available studies the mock H-bomb blasts which in theory rocked Chicago and East St. Louis in the June 15 test exercise would have caused one million casualties and 26 billion dollars in property loss and damages if they had been actual attacks.

"I can solemnly pledge to you here—and to all the men and women of the world who may hear or read my words—that those who represent the United States will strive to be thus loyal, thus dedicated. For us there is no alternative, because our devotion to the United Nations Charter is the outgrowth of a faith deeply rooted in our cultural, political, spiritual traditions."

The President stressed again his determination to work for an effective system of disarmament and to strive for solutions of all problems by peaceful negotiations.

"In this way," he said, "we can in time make unnecessary the vast armaments that—even when maintained only for security—terrify the world with their devastating potentiality and tax unbearably the creative energies of men."

He then referred to a cherished project—that as armaments are cut each of the great powers will contribute to the U. N. "for promoting the technical and economic progress of the less productive areas, a portion of the resultant savings in military expenditures."

The President said the hopes for a glorious way of life through peaceful uses of the atom may be attained.

"Our part is to rededicate ourselves to the ideals of the United Nations Charter," he said. "May we here and now renew our determination to fulfill man's ancient dream, the dream which so inspired the founders of this organization."

As the President spoke, efforts were reported under way in the Western and Soviet camps to have this anniversary meeting concluded with a declaration of principles to be known as the San Francisco Declaration of 1955.

Carlos P. Romulo, delegate of the Philippines and one of the signers of the Charter in 1945, is drafting a declaration which he hopes will be acceptable to everyone. This declaration would affirm once more the devotion of the 60 nations taking part in this celebration to the Charter and would pledge them to work for peace.

Diplomatic quarters reported that Soviet Foreign Minister V. M. Molotov is pressing for adoption of a declaration by the meeting, apparently with the idea of pledging the U. N. again for peace.

The difficulty is that the Soviet and Western definitions of the word "peace" do not coincide. It is expected there will be a fight by the Western majority against Molotov's version unless it is so watered down that it will not be unacceptable to the West.

The U. N. Assembly last fall set up this commemorative session with the idea it would not adopt decisions. But leading delegates of both the Western and Communist camps feel the opportunity for a new declaration, must not be wasted.

The commemorative session opened officially with a minute of silence for prayer or meditation. It will close with a minute of silence next Sunday afternoon.

Parked Jet 'Fires' Practice Rockets; \$2 Million Damage

PORTLAND, Ore. (AP)—A parked Air Force jet fighter plane suddenly began spewing rockets Monday, and shot up the Portland Air Base.

No injuries were reported, but damage was estimated by the Air Force at two million dollars.

Twelve practice rockets flew over the area, destroying two other jet fighters, damaging two more planes and hitting a house a mile away from the base.

An Air Force spokesman said the 3½-foot long rockets had no war heads, but two of them hit F89 jets in the fuel tanks, causing fires that destroyed the two planes. Another rocket ripped through a C46 transport with minor damage resulting.

The Air Force refused to speculate on the cause, saying it will await an investigation expected to be completed in a day or two.

WASHINGTON (AP)—The Army Monday announced the retirement on July 31 of Maj. Gen. William C. Chase, chief of the U. S. Military Assistance Group in Formosa since it was organized four years ago.

Maj. Gen. George W. Smythe, recently assigned to Formosa as chief of the mission's army section, will succeed Chase, who has reached mandatory retirement age.

EXTEND STOCKMEN'S LOANS

U.S. Steel To Offer CIO A Wage Increase

By JOHN MOODY
PITTSBURGH (AP)—U. S. Steel Corp. Monday promised the CIO United Steelworkers a wage increase which will take into consideration "the cooperation, loyalty and productivity of workers."

Vice president John Stephens, head negotiator for Big Steel, said the offer will be made this week at a meeting still to be scheduled. Top union officials have speculated the corporation will submit an offer of 7½ cents more an hour. President David J. McDonald and secretary-treasurer I. W. Abel said such an offer would be rejected.

Stephens declined to discuss the size of the offer but said "we hope it will result in a speedy and mutual settlement of our negotiations."

Deadline for a wage settlement is June 30. The union will be free to call a strike if an agreement is not reached by then.

McDonald has said the union wants a "substantial wage hike," but he has never publicly spelled out the demands.

Both McDonald and Stephens met newsmen in a joint conference after a two-hour meeting. They were friendly and cordial. Stephens said Monday's session was devoted to the corporation's comments on the economic picture which the union presented two weeks ago when the negotiations got under way. The wage talks have been in recess since June 9. He said no offer was submitted.

The union is negotiating for a wage hike for 600,000 members employed by 96 basic steel producing firms and iron ore mining companies. The workers now earn an average of \$2.33 an hour.

The talks with U. S. Steel, however, attract the most attention because Big Steel is the traditional pace-setter for the industry.

Lamb Hearing Witness Sentenced For Perjury

By KARL R. BAUMAN
WASHINGTON (AP)—Turnabout witness Marie Natvig was jailed Monday under a sentence of eight months to two years for lying under oath in the Federal Communication Commissioner's Edward Lamb hearing.

U. S. Dist Judge Alexander Holtzoff fixed what he called a "moderate" sentence on the gray-haired 51-year-old Miami Beach grandmother and divorcee. The judge turned down pleas by Mrs. Natvig's attorney that she be given a sentence calling only for a probation, and that she be allowed to remain free on bond pending an appeal.

Defense counsel John D. Dwyer noted Monday that in opening statements to the jury, which convicted Mr. Natvig a month ago on two perjury charges, he had raised the question of her "mental capacity" to give willfully false testimony.

"You offered no testimony on the question of mental capacity," the judge replied.

Mrs. Natvig was a witness last fall at an FCC hearing on Lamb's application for renewal of his license for a television station at Erie, Pa. She testified that she was

a Communist in Ohio in the 1930s and knew Lamb in that connection. In February, when she was recalled to the witness stand for further cross-examination, she said her previous testimony about Lamb was a lie.

Lamb himself has categorically denied any Communist sympathies. Mrs. Natvig said she had been coerced into giving the original testimony by Walter R. Powell Jr., a former commission attorney. Powell called this "baseless," unfounded, untrue and malicious.

CHESS GAME IN YUGOSLAVIA

When Yugoslav officials ruled out any ties with the Soviet-sponsored Warsaw pacts covering defense and economic relations with Kremlin satellites, they perhaps spoke the decisive word on the Yugoslav-Russian conference.

First reactions to the communique issuing from the parley between Marshal Tito and top Soviet leaders were that Tito had scored an important triumph. He had resisted the new Russian embrace and thereby maintained his independence.

Furthermore, he extracted from the Russians an agreement that internal matters, whether economic, political or ideological, are strictly the concern of individual countries. This amounted to putting Moscow's stamp of approval on what the world for seven years has called "Titoism," a brand of communism apart from the Soviet model.

Reservations were voiced in some quarters, however, when it was noted that Tito and the Russians managed to express agreement on certain foreign policy issues — a U.N. seat for Red China, recognition of the "legitimate rights" of Peiping to the island of Formosa, a German settlement within the framework of a broad European security system (minus America).

Then a key Communist spokesman disclosed that at Warsaw a new association was formed to coordinate all action of Communist lands from the East German border to the Pacific shore of the Red Chinese mainland.

Under this setup, the Soviet Union would in theory not be truly dominant but only "first among equals." In other words, the satellites would be accorded a measure of independence they have not so far known.

Some observers felt that Russia's acceptance of Tito's independence was related to this new approach, that it was in effect a demonstration to the satellites that Moscow means to allow more independence.

Some concluded, too, that Moscow never had any real hope of winning Tito back to its fold. They argued that the Russians merely sought to use his show of independence to their own advantage—as here suggested—and at the same time to compromise him in Western eyes.

But, whatever hay Moscow may make with the satellites out of the Soviet visit to Belgrade, Yugoslavia is now busy making clear that it does not intend to be compromised in Western eyes if it can help it.

Yugoslavia's policy continues to be one of "non-alignment," government sources say. Tito will join neither Eastern nor Western bloc. For all his concurrence with certain Soviet Communist foreign policy aims, he will stand aloof.

Whether the West will be entirely convinced this is a sincere posture remains to be seen. Certainly the free nations would like to believe it. But Moscow's admitted gains in exploiting some common ground with Tito may have damaged his position as an extra nucleus of defense against Russia.

It's an Error to Insist On Proving You're Right

A reader of this column and her husband have had an argument over a trivial matter.

She is sure she is right. So she appeals to me to prove to her husband that he is wrong.

I wouldn't do it if I could. For while it is well and good for a wife to state her own opinions, even when they differ from her husband's, it isn't smart for a wife to keep the argument going and try to prove her husband wrong.

Suppose she does prove she is right. Will it make her husband have any more respect for her opinions or bring the two of them any closer together?

You can bet it won't. It will put him on the defensive and make her appear small and know-it-allish.

Any husband who has a normal amount of masculine ego secretly resents having his wife prove him wrong.

And what will it get her beyond the satisfaction of being able to say smugly, "I told you so. I knew I was right. Now I can prove it?"

It won't get her anything but that. And that is small satisfaction to any woman who loves a man and wants to keep him happy and pleased with himself.

"You may be right but I can't help but think such and such" is a far better way for a wife to end an argument with her husband. But never "I know you are wrong, and I am going to prove it."

There's a great big difference between expressing your own ideas, even defending them, and always having to prove yourself right.

When a woman has said what she thinks and her husband has said what he thinks it's best to let the matter drop right there.

An executive looking for a stenographer who can spell might do well to hire a deaf one.

As a matter of fact, many employers now are doing just that. They have found that office workers with hearing impairments have a large vocabulary and know how to use it because they learned to spell properly early in life.

The reason: Deaf children, undisturbed by distracting noises, developed a good visual memory of words and letters. Those with normal hearing often learn to spell the 66 basic sounds of English speech by ear instead of by sight.

Big-crisis-in-industry note: Australian rabbits aren't multiplying as well as they did — and that may add up to your paying a higher price for your hat, mister.

The faraway bunnies have been riddled by a disease called myxomatosis, and the price of their pelts have risen from \$2 a pound to \$6.

"If this keeps up we'll all be wearing beavers again," says I. Benjamin Parrell, president of Adam Hat Manufacturers, Inc., which converts nearly 10 million Australian rabbit pelts a year into felt toppers.

It now takes about five skins to make a hat, but as a result of the disease epidemic the Australian hoppers are growing smaller and soon it may take six to eight.

Parrell's plant is in Corsicana, Tex., where plenty of wild rabbits abound nearby. But this is no consolation to him.

"They're Texas jackrabbits and no good for hats," he said. "Too tough."

Almanac editorial: Many of our readers have complained that the 75th anniversary of Thomas A. Edison's invention of the electric light caught them flat-footed, and they didn't have time to get properly lit up in tribute to this important occasion.

Well, our friends in the industry have let us in on another closely held secret — next Aug. 1st is the 25th anniversary of the photoflash bulb in America.

Now is the time to start planning your own celebration of this historic event. Why don't you and your neighbors hold a block party in tribute to the dear old flash-bulb?

Incidentally, now that Americans spend almost as much time in automobiles as they do in their homes, did you know motor cars now use more light bulbs than houses do?

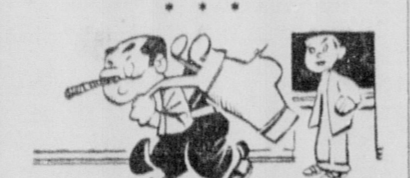

The average motor car had only 5½ bulbs in 1925, now has 22.8 (one 1955 model has 32!). The typical home contains only about 19. (And if your house is like mine, they all seemed to be turned on all the time!)

Exact Causes of Stomach Ulcers Remain Obscure

By EDWIN P. JORDAN, M.D.
Written for NEA Service

Ulcers occur both in the stomach proper and in that portion of the intestines lying next to the stomach, which is known as the duodenum.

The former is sometimes known as gastric ulcer and the latter as duodenal ulcer. Both of them are commonly spoken of also as peptic ulcer or ulcer of the stomach.

What cause or causes are responsible for peptic ulcer are partly unknown. There are some reasons for believing that the strain of modern life has increased the number of victims of peptic ulcer and has at least something to do with their development.

While this theory cannot be considered entirely "proved," it certainly seems reasonable to believe it could be true.

The rapid pace of modern life with the wear and tear on the nervous system of high-speed automobiles, noise, and all the rest would exert some kind of effect on the bodily functions which might easily be shown by an increased tendency towards stomach ulcers.

Regardless of this theory, it is certain that people with ulcers of the stomach who are getting along well may become much worse following an especially tiring or irritating conference, an emotional upset or a shock such as is brought about by a disaster in the family. This often happens even while the person is continuing a treatment which has relieved symptoms for a long time.

The ulcer starts as a small defect in the lining of the stomach, or mucous membrane, and becomes deeper and larger around as it develops. Eventually it may become deep enough to reach the tiny nerve endings which carry pain sensation to the brain.

Consequently, at the beginning, an ulcer rarely produces symptoms.

The various medical treatments for ulcer have the common purpose of relieving the irritation on its surface; that is, in the stomach or duodenum, so that the ulcer has a chance to heal. The most irritating substances which come in contact with the ulcer is the hydrochloric acid manufactured by the stomach itself.

Two Serious complications of

ulcer must be considered. When an ulcer eats across a small blood vessel, bleeding takes place. Sometimes this is slow and the blood merely passes down the intestinal tract.

At other times the bleeding may be rapid, fill the stomach and cause vomiting. In either case bleeding is a sign of requiring prompt attention.

Recently a most interesting article suggesting that bleeding may be related to changes in barometric pressure has appeared. This, like other possible precipitating causes, certainly should be followed up by further studies.

The other complication is perforation—the ulcer eats entirely through the wall of the stomach and makes a hole into the abdominal cavity. This may result in peritonitis and immediate surgery is in order.

For Delicious Sundae, Easy To Make, Try Pistachio

BY GAYNOR MADDOX,

NEA Food and Markets Editor

Are you a pistachio fan? It seems that Kathy Nolan, who played Wendy in Peter Pan, decidedly is.

"Any flavor so long as it's pistachio," she said, adding, "My favorite sundae is made with vanilla ice cream, pistachio sauce and lots and lots of pistachio nuts scattered over it."

Pistachio Sundae Sauce

Mix one box of instant vanilla pudding into one cup of light (white) corn syrup. Stir in 2 tablespoons pistachio flavoring. Serve over vanilla ice cream topped with a sprinkling of pistachio nuts.

Chocolate Mint Sundae Sauce

Mix one box of instant chocolate pudding into one cup light (white) corn syrup. Stir in 1 cup water and

2 drops oil of peppermint. Serve over chocolate ice cream.

Maple Nut Sundae Sauce

(Makes 1½ cups)

Stir one package of instant vanilla pudding into one cup light (white) corn syrup. Stir in 2 tablespoons water. (For thinner sauce use 1 cup water.) Stir in 1 teaspoon maple flavor. Serve over ice cream and top with chopped nuts.

Extra Rich Maple Sauce

Prepare Maple Sauce. Stir in 2 tablespoons melted margarine or butter.

TOMORROW'S DINNER: De luxe beef and vegetable casserole, French bread, butter or margarine, mixed green salad, French dressing, pistachio sundae, coffee, tea, milk.

Adenauer Visit Symbolizes

Berlin's Long, Hard Journey

BY PETER EDSON
NEA Washington Correspondent

WASHINGTON (NEA)—During the short visit of German Chancellor Konrad Adenauer to Washington, two American officials who played a major role in helping to rebuild the new Germany had an occasion to reminisce a little about the last five years. They were John J. McCloy, first U.S. high commissioner to Germany and Dr. James Bryant Conant, now the first American ambassador to Bonn.

It gave them a chance, too, to pay their tribute to Dr. Adenauer as the real elder statesman of Europe—now that Churchill has retired—and the head of Europe's most stable postwar government.

This marks an amazing transition in 10 years from the completely defeated and unconditionally surrendered Germany of Adolf Hitler to the reborn Germany of today. Though the years seemed long and difficult while they lasted, in retrospect they have been short.

McCloy succeeded Gen. Lucius Clay, the military governor of the American zone in occupied Germany. This marked the first step toward return to civilian control.

McCloy recalled the first time he met Dr. Adenauer. It was in the vast directors' room of the I. G. Farben trust in Frankfurt. The German had already served for more than 20 years as mayor of Cologne, and had earned retirement. Yet he came back to lead his people out of their ruins.

"There was a lot of lumber between us," McCloy commented concerning the huge directors' table. But across this board, and later in the old castles on the Rhine hills above Bonn, the recovery of Germany was hammered out.

"Sometimes—as on currency reform and other big issues—we would work all night," McCloy recalled. "We would watch the sun come up and still not have finished. But the freshest man there would always be Dr. Adenauer."

"He had vigor and he had integrity. He had a great understanding of the United States and its problems," McCloy continued. "He had clarity of perception that has made him a world leader who can meet any blandishments the Kremlin may offer."

Dr. Conant in his Tribute to the German chancellor—taking up where McCloy left off as high commissioner two years ago—listed other qualities that contributed to Dr. Adenauer's success. A chief one was his "sense of spiritual and moral values."

"He has rebuilt a country out of three zones, through his wise policies of economics and finance," said the ambassador.

But there were three Germans still, he pointed out.

There was first the Federal Republic. Next there was Berlin—"an outpost of freedom in the Russian zone." And finally there was East Germany—"where the people don't have the liberty to elect their own government."

The implication was clear. Though there had been amazing growth in Germany in 10 years, the job was not yet done.

When the Patriarchal German chancellor rose to respond to these

introductions at the Washington press corps reception in his honor, he showed that he knew his job was not yet done in a few moving words that revealed his deep wisdom.

"The free world—and especially the United States—is standing on the threshold of what may be long negotiations with an opponent for whom the factor of time does not exist."

"I think that all the peoples of the free world should keep this in mind . . . There should be no impatience. Nor should the people at home weaken the negotiating position of their representatives—and thereby strengthen their opponents—by being over-critical."

"I feel that I must say this to you because these negotiations may be of decisive importance to the free world and to the question of the reunification of Germany."

In Hollywood

By BOB THOMAS

HOLLYWOOD (AP)—This is the story of Ida Lupino and Howard Duff, a Christmas tree in June and a battling couple of married stars. No, Ida and Howard are not the pair. Not in real-life anyway.

"Our own marriage is in fine shape," says Ida, knocking on the nearest wood.

"Was not always so, as readers of gossip columns can attest and the Duffs readily admit. Now they plan to capitalize on their stormy marriage with a TV series that sounds like a natural."

Originally it was to be called "Mr. and Mrs. Duff." Now they're seeking rights to the title "His and Hers." Ida and Howard will portray film stars whose professional and private lives are far from serene.

How about the Duffs themselves? They seem the picture of domestic bliss. That's where the Christmas tree figures.

Visitors to their spacious bungalow near the Riviera Golf Course are started to find a large white Christmas tree in the front hallway. Decorated and everything.

"It's like this," Ida explained. "Last December was our first real Christmas together — Howard, Bridget (their three-year-old) and I. We had such a wonderful time that we wished the Christmas spirit would extend through the whole year."

"That gave us the idea of keeping the tree up. It has worked wonders. Everything has been happy ever since."

She said they thought of taking it down occasionally. But something always came up — first her birthday, then Howard's, then Bridget's, then Mother's Day. Now they're waiting for the Fourth of July. After all, what's Independence Day without a Christmas tree?

The Mature Parent

Needed: Human Fire Dept. To Fight Juvenile Fires

By MRS. MURIEL LAWRENCE

Tonight, on a big-city side street, a fire will blaze up in a kitchen. Somebody will rush to put in the alarm. In record time, trained people with modern equipment will arrive. By applying their special skills to the blaze, they will bring it under control—and extinguish it before it can engulf other people. They will render this public service to the private fire because it is a public hazard.

Tonight, on other side streets, other fires will break out.

One will flare up in a girl of 13 who will scream, "Tramp! yourself! Lay off me, damn you, lay off me!"—and run down her tenement home's stairs to the darkness and the admiring whistles of men at the corner saloon.

Down the block, another fire will erupt from a boy who will curse his father's alcoholic mumbles and shout, "Then tell him to shut his trap about where I get my money! I don't get none from him, do I?"

Nobody will put in an alarm.

No people with special, 20th century equipment will appear to get these fires under control—and arrange for them to be extinguished. So these private fires will smolder, corrupting. Tomorrow, next week, next month, a sudden draft of some minor frustration will whip them into the conflagration that engulfs other people.

The boy and the girl will commit the crimes that make their private fires the public hazard called juvenile delinquency.

Then—and only then, will the modern equipment be made available. Then only will the juvenile court's social workers and psychologists say to the children and their parents, "Tell us how you feel."

The problem of juvenile delinquency is old thinking. It is dependence upon old organization, dead method. It is the failure to realize family hate is a public hazard—and to provide acceptable, skilled, emergency public service to its correction.

Our police departments? Let's not be silly. To people like these, the Cop is the symbol of the "No!" He's the arm of the enemy Law. He's the Protector of the Other Fellow's Goods. He's the Workhouse and the Pen in uniform. The fact that he's an upstanding family man and church member in good standing to you and me doesn't change what he is to these people.

That's what's wrong. Police service cannot render the service. It possesses neither the skills nor the acceptability to render them.

So this column proposes the organization of a new public service—a Family Emergency Division to be incorporated into the Health Departments of this nation's cities.

Let us compose it of social workers to operate with a subordinate police officer as teams of two. Let us announce that they are available by alarm to any strife-ridden parent or child. Let us make the alarm as compulsory as we make the notification of fire or contagious disease.

The problem is thinking in a rut. The modern, emergency, public service is imperative. We've got to get trained people into these blazing homes to prevent destruction—and arrange for follow-up by our neighborhood houses, youth agencies and psychological clinics.

NEXT: The ABC of social service.

RETURN FROM WEDDING TRIP

MR. AND MRS. IRA P. STORY

Mrs. Florence Challiner of 353 Franklin street and Ira P. Story of 215 East Superior avenue, were united in marriage Sunday afternoon, June fifth, at two-thirty by Rev. W. E. Gustafson. The ceremony was performed at the Ebenezer Methodist church parsonage on North Webster avenue in Jacksonville in the presence of a few immediate relatives and close friends.

Mrs. Challiner chose for her wedding a Chantilly lace street length dress in Norwood blue over matching color taffeta. Her accessories

were white and her corsage of white carnations. The bride's only jewelry was a pearl necklace, the gift of the groom. Mr. Story wore a dark blue business suit.

Before her marriage Mrs. Story was employed as a licensed practical nurse at the Passavant Memorial hospital. Mr. Story is secretary-treasurer of the National Farm Loan Association in Jacksonville.

They have returned from a wedding trip through the states of Wisconsin and Michigan and will make their home at 215 East Superior avenue.

Meredosia And White Hall Couple Married

Miss Janice Nortrup, daughter of Mr. and Mrs. Edwin Nortrup of Meredosia, became the bride of Bruce Foster Liming, son of Mr. and Mrs. Earl Van Liming of White Hall, Sunday afternoon, June 12, 1955, in a candlelight ceremony, at the Meredosia Lutheran Church.

Miss Joyce Nortrup, sister of the bride, served as soloist. She sang "O, Promise Me," before the ceremony and "Hand in Hand" at the conclusion of the vows. She was accompanied by the church organist, who also played a prelude of nuptial favorites and the traditional wedding marches.

Mrs. Mary Ann Nortrup, sister-in-law of the bride, acted as matron of honor, and Dr. Frank Klainsek of White Hall, as best man.

Ushers were Delbert Nortrup of Beardstown, and Ellery Nortrup of Wilmington, brothers of the bride. Gordon Liming, brother of the bridegroom, was candlelighter.

The bride, given in marriage by her father, was lovely in white net over white satin, fashioned with a fitted bodice. Her shoulder length veil of net was secured by a headband of white satin, and she carried an heirloom handkerchief, carried by the bridegroom's mother and grandmother at their weddings. Her colonial bouquet was of white rosebuds.

Mrs. Nortrup's gown was of pale blue net over blue satin, fashioned along lines similar to that of the bride. She carried a bouquet of pink mums.

The bride's mother chose a blue voile street length dress, with matching accessories for her daughter's wedding. The mother of the bridegroom was attired in a salmon pink street length dress of orlon, with white accessories. Both wore corsages of white carnations.

Reception At Hall

Immediately following the ceremony, a reception was held for the bridal party and guests, at the Meredosia Parish Hall. The reception table was centered by a three-tiered beautifully decorated wedding cake, topped with a miniature bride and groom.

The bride's table was laden to capacity with lovely and practical wedding gifts.

Among those assisting at the reception were Mrs. Delbert Nortrup, sister-in-law of the bride, and Mrs. Richard Sargenson and Mrs. Walter Rice, both of Moline, twin cousins of the bridegroom.

Winchester; Mr. and Mrs. Russell McClure and son, Donald, all of Hartford; Mrs. Cora McClure, Mr. and Mrs. Stanley McClure and son, James, Mrs. Nora Henderson, Mr. and Mrs. Earl Van Liming and son, Gordon, Mr. and Mrs. Bob Hubbard, Mr. and Mrs. Paul Edwards, Mrs. Alden Edwards, Dr. Frank Klainsek, Mr. and Mrs. Paul Carter and son, Bob, Mr. and Mrs. Darold McCollom, and Billy D. McCarthy, all of White Hall.

Interpreting The News

By J. M. ROBERTS

Associated Press News Analyst
There is an illogical tendency to criticize the United Nations because, established to maintain peace, it has not made peace.

When the nations met at San Francisco 10 years ago to form a postwar organization, the Japanese were still fighting, nobody knew what would be found beneath the ruptured Nazi crust of Germany, and Russia was an ally of Britain, France and the United States.

Peace was to come through

unity of the great powers. The cold war was in the already-written Russian books, but the West had not read them.

Once the peace was made by the great powers, the U. N. was to have a police force to see that it was kept. That was a dream which died aborning.

Nevertheless, the U. N. has on several occasions exerted great influence for peace. Its earliest triumph was to focus public opinion on Russia's efforts to continue her occupation of Iran after the war, causing her withdrawal from

mediate threat of war. The reports of U. N. teams likewise had their influence on Russia's abandonment of her objectives in Greece, and U. N. mediators ultimately produced an armistice, even though a shaky one, in Palestine.

The most momentous U. N. deed, of course, was the demonstration that free nations will not stand idly by while one of their number is conquered. For the first time in history an important number of nations—15—pooled their arms to defend a nation, South Korea, in which none of them had any great selfish interest.

Yet perhaps the most important thing the U. N. has done is merely to exist amid all the pressures which might have torn it down. Not one single nation has shown any sign of withdrawal, although some of them, such as Russia and South Africa, have been sorely vexed by expressions of international opinion through the forum.

The U. N. stands as a symbol of something for which man is searching. It gives him a target for his dreams. It is the burning glass which focuses the heat of his desires, providing a fire by which he may warm himself during the cold night of search. It gives him a sense of unity against terror. If he did not have it, he would have to have something else like it.

As the President says, without the United Nations the points where it has failed would still have been written down in history as failures; and victories have been achieved which could not have been won without it.

JET CRASHES SOUND BARRIER, CRACKING PLASTER IN HOMES

JERSEYVILLE — A jet plane crashed the sound barrier above Jerseyville about noon Saturday and the resultant detonation was classed as terrific.

In the western part of the city, dwellings were shaken on their foundations and plaster cracked in rooms. Other crashings of the sound barrier have taken place in the Jerseyville vicinity, but the one of Saturday noon is classed as the most severe from the ground reaction of any yet experienced.

42 HURT IN SUBWAY CRASH

NEW YORK (AP) — Two subway trains collided in the Coney Island area Sunday, injuring 42 persons. The early hour collision derailed three cars and slightly injured 42 of the 44 persons aboard. The trains hit near the Stillwell Avenue station.

IT'S A PSYCHOLOGICAL FACT: PLEASURE HELPS YOUR DISPOSITION

How's your disposition today?

CROSS AS A BEAR? That's only natural — when little annoyances heckle you. But keep this in mind: it's a psychological fact that pleasure helps your disposition. That means everyday pleasures, like smoking for instance, are important. That's why, if you're a smoker, you ought to enjoy the most pleasurable cigarette. Camel, every time!

For more pure pleasure...have a **Camel**

It makes sense to choose your cigarette for the pleasure it gives you. It's a psychological fact that pleasure helps your disposition.

And more people smoke Camels and get more pure pleasure from Camels than from any other cigarette. Because, for one thing, no other cigarette is so rich-tasting, yet so mild as Camel!

Yes, Camels are your wise choice for more pure pleasure. So — have a Camel!

It's the new kind of hardtop—
The 4-Door Riviera!

You drop the side windows down on this airy beauty of a Buick with the solid steel roof—and it's as wide open as a Convertible, with no center posts to mar your view.

That's what makes it a hardtop. But what makes it a very special kind of hardtop is the fact that it has *four* doors instead of two.

Cheers? Brother!—they're really rolling out for Buick's 4-Door Riviera! Now, you see, you can have the tremendously popular styling of a *true* hardtop combined with the room, comfort and full convenience of a 4-door Sedan.

And it took a completely new kind of body design to come up with this

marvel—a new kind of body built to wholly new structural principles.

So it looks like Buick's done it again—because the 4-Door Riviera is a sweeping sensation across the nation. It's rolling off the assembly lines in volume numbers to meet the demand—in the high-powered CENTURY Series, and in the bedrock-priced SPECIAL Series, illustrated here.

And each one is all Buick—with record-high V8 power, the level steadiness of all-coil-springing, the

extra roominess of a full-size Buick Sedan—and, most certainly, with the instantaneous getaway response and bettered gas mileage of Buick's spectacular new Variable Pitch Dynaflo.*

Come in for a look at the brand-new kind of hardtop—the 4-Door Riviera. You'll find it priced at the modest extra cost of a 4-door model over a 2-door model—and a buy too thrilling to pass up.

*Dynaflo Drive is standard on Roadmaster, optional at extra cost on other Series.

Transfusion For Baby Ordered As Parents Object

ENGLEWOOD, N. J. (P)—A 10-day-old baby girl was reported slightly improved but still in critical condition today after new blood was pumped into her veins. Her parents had blocked the transfusion on religious grounds until the state stepped in and took custody.

Several transfusions have been given to Gall Bertimato, of Palisades Park, at Englewood Hospital to correct an rh negative blood factor which slows production of red corpuscles.

Her parents, Mr. and Mrs. Joseph Bertimato, refused to permit doctors to make the transfusion—something they believe to be in violation of the biblical injunction against use of blood for food (Leviticus). They are members of Jehovah's Witnesses.

Doctors who examined the baby Friday said she had only a 50-50 chance to survive unless she was given a transfusion. When the parents refused permission, Dr. C. T. Markert notified police, who advised Bergen County Prosecutor Guy W. Calissi.

Calissi and Asst. Prosecutor William J. Arnold found a little-used statute dealing with the protection of children.

They had Probation Officer John Ott file a complaint with Juvenile Court Judge Martin J. Kole.

The judge called an emergency court session in the Palisades Park police headquarters late Saturday night and three physicians testified that only an immediate blood transfusion could give the baby a chance to live.

Kole ordered the baby placed in custody of the County Welfare Department, and the baby was taken to the hospital.

Total Eclipse Of Sun By Moon In South Asia Today

By DENZIL PEIRIS

COLOMBO, Ceylon (P)—The moon totally eclipsed the sun over South Asia today.

Heavy unseasonal rain clouds blocked the view of the eclipse from observation posts set up by most foreign and Ceylonese scientists.

But only a light cloud was over the central Ceylon spot guarded by an American team from Harvard University. A spokesman said the phenomenon was fully visible for the four minutes that the eclipse was total, beginning about 8:10 a.m.

"We are quite happy," one of the Americans said. "Our experiments were very successful."

German technicians attached to a combined British-Ceylonese team wept comically when a single black cloud obscured their view. The team was trying to check theories of the late Albert Einstein and had brought with them a telescope designed for Potsdam University, where Einstein once taught.

The Harvard team took pictures of the sun's infrared spectrum and another of the corona—the ring of incandescent hydrogen gas from the sun outlining the moon's shadow—in an effort to determine its precise shade.

In the Philippines, an American scientist was flown in a U.S. Air Force jet trainer to record the event on special cameras.

The eclipse began at sunrise in the Indian Ocean, along the eastern coast of Africa and southern Arabia. As the earth rotated, it streaked at 24 miles a minute—visible entirely or in part—across India, China, the Indochinese and Malay peninsulas, Indonesia, northern Australia and the Philippines.

The 180-mile-wide path of total darkness streaked 7,200 miles across Ceylon, south Siam, central Indochina and the Philippines.

The longest totality lasted 7 minutes 7.9 seconds, at one point in the South China Sea. New York's Hayden Planetarium said many scientists think it was the longest since 717 A. D.

The American continents didn't see it. The last total eclipse was June 30, 1954. Its path crossed the upper United States and eastern Canada. The next visible in the United States will come Oct. 2, 1959, and will be seen only in some of New England.

ASK \$400 DAMAGE FOR AUTOMOBILE

A suit asking \$400 for damage to a 1950 Studebaker car has been filed in Morgan county circuit court by John E. Turner and Bradley W. Dunn against Carl Duwer.

The suit sets forth that Turner was the owner and Dunn was the driver of a car damaged in a collision March 28, 1953, on State Route 111 three miles north of Modesto.

The plaintiffs are represented by Attorney John W. Russell of Carlinville.

Franklin Music Club Entertained By Lowe Dancers

The Franklin Music club annual Tea was held Thursday afternoon, June 16, at the Franklin high school gymnasium. Several baskets and bouquets of lovely garden flowers decorated the gym.

The members and their guests were welcomed by the president, Mrs. Mary Whalen. Mr. Naomi DeRosear, introduced the program. Miss Marguerite Frank of New Berlin presented the speech she had written and received the first place at the State Contest. Students of the Wanda Hopper Lowe dance studio in Jacksonville and of Waverly presented a program. Pupils taking part and their numbers included: Muskrat Rumble, Janet and Susie Elliott, Carol Kirkham and Judy Crawford; Tea for Two, Mike Tobin and Sheila Six; Cherrie Pink, Karen Watkins; Momo, Loretta Hereford, Linda Ashbaugh, Carol Downing, and Marcella Stewart.

Twedee Dee Dee, Cheri Rae Lowe; Sunshine Girl, Mary Jo Morris; Sisters, Janet and Susie Elliott; Dance with Me Henry, Mike Tobin, Bobby Baptist, Sheila Six and Karen Watkins; Popeye and Olive Oil, Sandy and Stevie Lowe; Girl with a Smile, Judy Crawford; Hula Girls, Loretta Hereford, Linda Ashbaugh, Carol Downing and Marcella Stewart; A Present for Bob, Carol Kirkham; Humorous, Linda Tribble; Little Man with Big Ideas, Ricky Lowe; Rusty Ole Halo, JoAnn Kiltner and Susie Elliott; Make Yourself Comfortable, Bobby Baptist; Bathing Beauties, Janet Elliott, Karen Watkins and Judy Crawford; Sincerely, Harian Thomas. All of the numbers were accompanied at the piano by Jerry Keir.

Mrs. Addie Doolin served the ice cream and Mrs. Grace Davenport poured at the beautifully decorated table. The program committee included Mrs. Naomi DeRosear, chairman, Mrs. Emma Calhoun and Mrs. Ann Ryan. Members of the social committee were Miss Margaret Camm, chairman, Mrs. Lena Smith and Mrs. Alberta Staley. Also helping in this committee, Miss Grace Armstrong, Mrs. Lulu Wright, Mrs. Sam Camm, Mrs. Mae VanWinkle, Mrs. Vella Rees, Mrs. Mary Whalen and Mrs. Florence Harmon.

MISTAKES ACCELERATOR FOR BRAKE

DETROIT (P)—Mrs. Maxine Metzger agreed to let her 13-year-old son, Edward Jr., take the wheel of the family car Sunday. He was to drive the car up the driveway into the garage, but he apparently confused the brakes and accelerator. The car shot across the lawn, smashed an 8-foot picture window in the home of a neighbor and came to a half halt in the living room. Damage was estimated at \$5,000.

A thousand turkeys will drink between 60 and 70 tons of water during the range season.

SOME THINGS MONEY CAN'T BUY—Not even \$200,000 will help four-year-old Patricia Porm, right, jump rope like the other kids in this picture are doing. Patty, who lives in Chicago, Ill., lost her left leg when she was hit by a garbage truck. Her parents were awarded \$200,000, largest individual settlement in the state's history, but Patty would rather have her leg.

Conlee Will Direct Starlight Concerts

At a rehearsal held Friday evening in the Nichols Park dance pavilion, the Community Starlight Concert Band reorganized for the 1955 concert series.

The Starlight Concert Band is composed of union musicians of this community, augmented by high school and college students. Concerts are presented at two week intervals on Sunday evenings in the Nichols Park bandstand.

The first concert of the current series will be given Sunday, June 26, at 8 p.m., Daylight Time. Any former Starlight Band members who did not receive rehearsal notices and would like to participate are invited to attend rehearsal Friday, June 24, at 7:30 p.m., Daylight time.

This concert series is made possible by the joint sponsorship of the Music Performance Trust Fund of the American Federation of Musicians, the local Musicians' Union, and the Jacksonville Park Board. The Music Performance Trust Fund receives royalties from the sale of phonograph records and distributes this money among member locals of the American Federation of Musicians with the stipulation that it be used to present live musical entertainment to the public without charge. For several years the local Musicians' Union (Earl Rabjohns, president, Adam Ehrig, secretary) has used its portion of the fund to present the Starlight Concerts, with the Jacksonville Park Board giving its full cooperation and assistance.

Waverly Band Instructor

This year the Starlight Concert Band will be directed by James S. Conlee, who has been director of instrumental music in the Waverly schools for the past five years. Conlee was born and reared in Jacksonville, the son of Mrs. Nellie Conlee, 224 West Beecher Ave., and the late Roy Conlee. His first instrumental training was received as a member of the Jacksonville High School Band under the direction of Paul Van Bodegraven, now Professor of Music at New York University. Conlee was graduated from Jacksonville High School as valedictorian of the Class of 1933, from Illinois College with the Class of 1937. His graduate studies included courses at MacMurray College, Bradley University in Peoria, the Southern California School of Music and Arts in Los Angeles, and the VanderCook College of Music in Chicago. In 1954 he received the Master of Music Education degree from VanderCook College.

Rites Saturday For Mr. McGuire

Funeral services for William M. McGuire were held at 2:30 Saturday afternoon at the Williamson funeral home with Rev. Claude H. Griffith, Woodson pastor, officiating.

Robert Wegehoff served as the organist. Flowers were cared for by Virginia Armitage, Mariette Suttles and Leona Thompson.

Pallbearers were Russell Gross, Paul Langdon, Ernest Carwell, Keith Suttles, Al Elades and Albert Armitage. Burial was made in the Memorial Lawn cemetery.

Popular Trumpet Soloist

Conlee studied cornet and trumpet with a number of teachers, foremost among them being Harold Mitchell of Los Angeles, first trumpet for sixteen years with M.G.M. Movie Studios, and Austyn Edwards of Chicago, former trumpeter with Bachman's Million Dollar Band, the Chicago Theater Orchestra, and many others. He has played solo cornet with many bands, among them the Federal Concert Band of Peoria, the Southern Pacific Railroad Band of Los Angeles, the VanderCook College Concert Band, and

Porter Brummett, Former Resident, Dies In Kentucky

A former Jacksonville man, Porter Brummett, 67, who moved back to his native Monticello, Kentucky, twelve years ago, died at five o'clock Saturday morning at his home in that city. Mr. Brummett suffered from a heart condition and diabetes. He had been in failing health for some time.

He was born in Kentucky the son of the late M. F. and Serilda Brummett. He is survived by his wife and several children all living away from here. A number of brothers and sisters survive and include S. E. and Collier Brummett of Jacksonville who have left for Monticello where they will attend services on Tuesday to be held at the Richard Lee Funeral Home with burial to be made in Monticello. Sisters surviving are Mrs. Pearl Wilson, 423 West Lafayette; Mrs. Stella Pevey of Maryville; Mrs. Flossie Maynard, Jacksonville route five, and Mrs. Lillie Fairfield of Modesto. Another sister, Mrs. Lola Young, of Jacksonville, preceded her brother in death a few years ago.

The deceased was employed during much of his residence in Morgan county by Clifton Davis at Orleans.

Vierra Funeral Held Sunday

Services for Charles E. Vierra were held at 2:30 Sunday afternoon at the Assembly of God church with Rev. W. A. Gardner, pastor and Rev. W. J. Boston, in charge. Music was provided with Mrs. Fern Clinton and Mrs. Aileen Coultas singing, "Going Down the Valley," "Sweet Bye and Bye" and "Beyond the Sunset" with Carole Gardner at the organ.

Ushers were Loral Farmer and Gilbert Coultas. Assisting with the floral offerings were Jeannene and Judy Baptist, Frances Vierra, Lois Gardner, Carolyn Hacker, Faye Hacker and Mrs. Ellis Hacker.

ILLINOIS SAILOR'S GOOD WILL GESTURE EMBARRASSES RED

MAIZURU, Japan (P)—An Illinois sailor's good will gesture proved embarrassing to his Russian counterpart Sunday at ceremonies marking Russia's return of 10 World War II lend-lease landing craft. Joe W. Garland of Centralia tried repeatedly to shake hands with one of the Russians as the transfer was effected aboard an American vessel. The Soviet sailor grinned in embarrassment and scuffed his feet but would not extend his hand.

70-YEAR-OLD PROVES YOUTH BY PARACHUTING

DETROIT (P)—Seventy-year-old Jack Clapp parachuted from a plane Sunday to prove "a man is only as old as he feels." A flying daredevil in his younger days, he planned the stunt after he was forced by age to retire as a painter with city schools. He somersaulted a few times before pulling the ripcord.

JUST TESTING—What looks like a deadly serious rescue operation above is really a test of airplane ditching at sea. It was conducted by the Civil Aeronautics Administration near Norfolk, Va., in water 25 feet deep so that accurate sea conditions could be duplicated. In the life rafts approaching the rescue boat are 40 volunteers and their families from the Washington office of the C.A.A.

Two Persons Are Injured In Four Car Collision

Two persons were injured and taken to Our Saviour's Hospital about 1 o'clock Monday afternoon as the result of a four car collision at the intersection of South Main street and Morton avenue.

The injured were Larry Weddle, 7 years old of Cordova, Ala., and his grandfather, Jesse Daniels, 55, also of Cordova.

According to police the cars were driven by Frances Wilson, 320 Laurel Drive; Ira Weddle, of Cordova; Mrs. John Wurga of Jacksonville and Edward M. Williams of Hazelcrest, Ill.

Larry Weddle, the boy, sustained a deep cut over one eye and an injury to his nose.

Daniels suffered cuts on his face.

Several others in the various cars were shaken up but were not hospitalized.

Chapin Service Station Robbed

Burglars forced open a door at the Walters Standard Service Station at Chapin early Sunday morning, making away with cigarettes, cigars, and a large number of spark plugs.

Members of the sheriff's force who investigated the burglary said 35 cartons of cigarettes, five boxes of cigars, and 200 spark plugs were stolen.

The burglary took place sometime after 1:30 a.m. Sunday, and was reported about 9 a.m.

State Health Unit Lists Hospitals Needing U. S. Aid

SPRINGFIELD, Ill. (P)—The State Health Department today released a survey of Illinois hospitals, showing the total number of needed beds in certain areas and the priority of each area for federal aid.

Dr. Roland R. Cross, state health director, said the survey will be considered by the State Advisory Hospital Council June 29 before it is submitted to federal authorities for final approval.

Cross said an estimated 3,400,000 in federal funds will be available after July 1 to communities with top priorities for construction of eight types of hospital facilities.

These are general hospitals, psychiatric hospitals, public health centers, nurses training schools and dormitories, chronic disease facilities, diagnostic and treatment centers, rehabilitation centers, and nursing homes.

Communities which are eligible on the basis of need and priority may receive up to one-third of the project cost from the federal allocation. The remainder will be provided by constructions from individuals and organizations in the hospital areas to be served.

The priority list on general hospitals follows:

Rosiclare, Chester, Calumet City, Park Forest, northwest area III which includes part of Chicago and the communities of Mount Prospect, Wheeling, Arlington Heights, Palatine and Iverness; Kankakee, northwest area I which includes part of Chicago and Skokie, Morton Grove, Glenview, Northfield and Northbrook; Cicero, Clinton, Robinson, Litchfield-Hillsboro, Harrisburg-Eldorado, Danville, Savanna, northwest area II which includes north and west sides of Chicago, North Lake, River Grove, Franklin Park, Elmwood Park, Norridge, Norwood Park, Harwood Heights, Schiller Park, Park Ridge, Des Plaines and Niles; Joliet, Herrin-Marion-West Frankfort, Quincy, Canton and Granite City.

Jack Kendall Rites Monday At Pittsfield

PITTSFIELD—Brief committal services were held at ten o'clock Monday morning at the West cemetery for J. C. (Jack) Kendall of 4440 Lindell street, St. Louis, Mo., a former resident of Pittsfield. Mr. Kendall died Friday in St. Louis following a long invalidism. Funeral services were held Sunday evening in St. Louis. The Plattner funeral home in Pittsfield received the remains.

The deceased at one time was co-owner with Charles Whiting, now of Woodstock, Ill., of the first municipal light plant in Pittsfield. It was later taken over by the C.I.P.S.

He is survived by his wife, the former Essie Webster of Pittsfield, and two sons, Henry and Charles of St. Louis.

COACH KELLER'S MOTHER DIES AT BLOOMINGTON, ILL.

Mrs. Nelle M. Keller, mother of Coach Paul Keller of the David Prince Junior High school in this city, died at 8:15 o'clock Sunday night at Brokaw hospital in Bloomington.

She was the widow of Dr. Arvin Keller, Jacksonville.

The remains are at the George R. Flynn Funeral Home in Bloomington.

Funeral services will be held at 9 a.m. Wednesday at Holy Trinity church in Bloomington.

Robert Mutch In New Duties At Terre Haute

Robert Mutch, formerly of this city, has been named secretary of the Citizens Independent Telephone Co., at Terre Haute, Ind., and has already assumed his new duties.

His wife, the former Helen Afor of Jacksonville, and their three children will move to Terre Haute from Bangor, Pa., in the near future.

Mr. Mutch had been assistant secretary and auditor of the Blue Mountain Telephone & Telegraph Co., with headquarters at Bangor, Pa., since 1941.

The new Terre Haute telephone secretary has been engaged in telephone accounting work since 1934, when he was first employed as plant accountant for the Illinois Telephone Co. in Jacksonville. In 1936 he assumed the position of auditor with the Automatic Home Telephone Co., at Pontiac, moving to Pennsylvania several years later.

Chapin Service Station Robbed

Burglars forced open a door at the Walters Standard Service Station at Chapin early Sunday morning, making away with cigarettes, cigars, and a large number of spark plugs.

Members of the sheriff's force who investigated the burglary said 35 cartons of cigarettes, five boxes of cigars, and 200 spark plugs were stolen.

The burglary took place sometime after 1:30 a.m. Sunday, and was reported about 9 a.m.

BELIEVED POLIO CARRIERS

FRANKLIN LAKES, N. J. (P)—Eight youngsters who received Salk antipolio vaccine shots have been asked by the Board of Education to stay away from school for the remainder of the term.

The board's action followed reports that parents of other pupils fear the inoculated children might be polio carriers.

The school term ends Friday.

COULDN'T SAY GOODBYE

ROCHESTER, N. Y. (P)—When Harry Walker left here as manager of the Rochester Red Wings to accept the pilot's reins with the St. Louis Cardinals he didn't have time to say goodbye. He left in the middle of a night game to catch a train for St. Louis.

a message from Mary

III: This past week has surely been a busy one for both Bill and I. Monday night I graduated from the Dale Carnegie course which I have been taking. The graduation activities as well as a wonderful dinner was held at the Country Club. It is a wonderful course and well worth the money and time it requires. And you will be doing yourself a big favor if you enroll in the next course offered here in Jacksonville.

Saturday night Bill and I attended the JHS Class '38 reunion at the Dunlap. It was a wonderful affair and Jo Smith and Miriam Robinson deserve a big pat on the back because it was thru their initiative and continued time spent and effort since February that the reunion came about. I certainly enjoy meeting many of Bill's old classmates—many of them Bill hadn't seen since '38.

Many times people will come in and ask the price of Billfold portraits and when I tell them that they are \$8, a dozen they nearly faint. They say that SO AND SO who is a 5th grade student got a dozen at school for only 75c or so. In order to sell them at that price the corporation must do a tremendous volume.

A so called SCHOOL PHOTOGRAPHER will come in and shoot 400 kids in a day, one snap only. Then this film is sent to a big finishing plant and it is run thru the developing solutions and printed all mechanically. In a few weeks or so the photographer will return with all these packaged deals. The teacher takes over and collect whatever the charge might be from the student. About the only thing good you can say for the entire setup is that you get a quantity of pictures. Bill will not meet anyone else's prices because he feels that he alone is the judge of what his work is worth. BUT ON QUALITY, Bill will put his work up to compare with any fine photographer. If you have a BILL WADE portrait in your home just try comparing it with any others that you might have and I am sure that even the layman can tell the difference in the quality. You might be interested in knowing, too, that we have the price list of two of the itinerant photographers who regularly come to Jacksonville and both of them charge more for billfolds than we do here at our studio.

Next week my column is going to be enlarged to tell you all about our 6TH ANNUAL CHILD PERSONALITY CONTEST. It is really going to be a wonderful contest this year—ONE YOU CANNOT AFFORD TO MISS.

Be Seeing You,

Mary Wade

TICKLISH JOB—"Hot" radioactive material takes some pretty tricky handling. Here, at Brookhaven Laboratory, Upton, N.Y., the first especially designed "package" for use of atomic material in industrial research is loaded with "hot" slabs of radioactive cobalt. Otto Kuhl, right, director of the lab, uses long-poled hook to lift cobalt slab (arrow) from bottom of 14-foot water pit into five-ton cylindrical "pig" of steel and lead. Dr. R. G. Bauman, head of B. F. Goodrich nuclear study team, checks with Geiger counter for deadly gamma rays. When shipped to the rubber company's research center at Brecksville, Ohio, the pig contained four one-pound slabs of cobalt. They give off as much radiation as 1500 grams of radium would—a fatal dose to humans exposed to it for as much as 15 or 20 seconds.

Plan Campaign Of Friendship At Centenary

Rex Fouts, chairman of the commission on membership and evangelism of Centenary Methodist church, announced Sunday to the congregation that the church is embarking immediately upon a "Campaign of Friendship." Mr. Fouts stated that it had the support of the official board and his commission.

He outlined briefly what the "Campaign of Friendship" is to be. Each member and friend of the church will be given Campaign of Friendship cards. Each one is then encouraged to go to a personal friend and invite that friend to attend church.

Mr. Fouts urged the friends and members of Centenary church to invite only friends who are not attending church elsewhere.

The member is asked to fill out the "Campaign of Friendship" card and return the card to the church. Mr. Fouts stated that an Honor Roll would be printed each week showing the largest number of friends in this campaign.

The chairman remarked that this is one of the new phases of Church Evangelism that is being promoted by the board. He announced that Adult Training classes for church membership will start August 14. Two weeks previous to that week, his commission will call upon the friends who have been attending services during the Campaign of Friendship.

NEW-FORMED STATE SALVATION ARMY COUNCIL NAMES HEAD

SPRINGFIELD, Ill. (AP)—Sangamon County Judge Stanley Thomas of Springfield is the first chairman of the newly formed Salvation Army Illinois State Council.

Judge Thomas was elected Saturday as representatives of Salvation Army advisory boards and service units in 98 counties met to establish the state organization.

Other officers are Otto C. Kell, superintendent of schools at Decatur; Edwards Reque, St. Charles Industrialist, and Ross Armbruster, Alton attorney, vice chairman; and Mrs. Pearl Glasford, Trivoli, secretary.

The number of electric light bulbs in a typical new automobile rose from 5.5 in 1925 to almost 23 today.

ROODHOUSE

ROODHOUSE — Mr. and Mrs. Roy Duty have received word that their son, J. C. Duty who is stationed at Brooks Air Force Base, San Antonio, Tex., has been promoted to Airman Second Class.

The Roodhouse community park board has recently installed a telephone in the park stand. The telephone is available for public use and the number is 3911.

Mr. and Mrs. Jasper Hood, members of the Roodhouse school faculties, are attending summer sessions of school at Peabody College, Nashville, Tenn.

Mr. and Mrs. Milton Hall and daughter, Barbara, Bradenton, Fla., left Friday after a visit with Mr. and Mrs. Russell Fitch. The Fitches have spent several winters in the tourist camp owned and operated by Mr. and Mrs. Hall in Florida. The Halls are enroute to California, where they expect to locate.

Participating in a musical recital from Roodhouse were Navena Hope Eyre, daughter of Mrs. Navena Hope Eyre, and Judy Powell, daughter of Mr. and Mrs. C. L. Powell. The recital was given by pupils of Mrs. Fleet Barnett Friday night and was held in the White Hall Christian church. Attending form here were Miss Yuelletta Ralston, Miss Mabel Hopkins, Mrs. William Rees, Mrs. C. L. Powell, Miss Ilah Lewis, Miss Irma Lewis and Judy Veith.

There are about 33,000 swimming pools in the United States, half of them private, compared to 8,000 at the end of World War II, most of them public.

Death Has 3 Lives

THERE was one night attendant on duty in the anteroom of the morgue when the detective and reporter got there. He sat dozing behind a scarred desk with a bright droplight directly overhead. He yawned widely and showed a gap where two front teeth were missing when he grinned recognition of Shayne and Rourke.

"You two ghouls again, eh? Been months since I seen either of you."

"You have got the woman who was drowned in Biscayne Bay tonight?" Shayne asked.

"Oh yeh. She's the only fresh un. You boys come down to identify her?"

"To take a look and see if we can."

"Have tuh put your names down right here." The attendant produced two cards and picked up a pen. "You know the rules good as I do. Lemme see, now."

"He made a pretext of scratching his bald head in perplexity, glancing up shyly at the redhead.

"Seems like I had oughtta remember your name from somewhere. Seen your picture in the papers, maybe?"

Shayne said goodnaturedly, "President Eisenhower and the mayor of New York. That'll look good in your records. Which box is she in?"

"No. 4, Mr. President," said the little man gleefully. "I knew I'd seen that mug of yours somewhere."

Shayne shrugged and he and Rourke went down a passageway to a heavy door opening onto a flight of stairs leading down into the concrete-lined coldroom.

The air in the small square room was dank and very chill. Although it was pure and air-conditioned, it never seemed to lose its indefinable odor. There were two white enamel tables in

UP FROM THE DEEP—This sketch, made for Mechanix Illustrated, shows a jet plane zooming skyward after being launched from an atomic-powered submarine. According to the magazine, A-bomb-carrying jets could be carried under water by the subs in special hangars below deck. After a mission, planes would land in the water on skis and be retrieved by the sub.

THIS ONE TOPPED THEM ALL—When it comes to crazy hats, just leave it to grandma. At least, that's what Charter 115 of the Federated Grandmothers Club of America believes. Mrs. R. H. Lambert of Houston, Tex., wears "Picnicking With My Grandchildren in the Park," which to nobody's surprise won first prize at the Crazy Hat contest in Houston. The contest was sponsored by Charter 115 as a means of raising funds for youth welfare projects it sponsors.

Shayne stiffened. He said, "I don't know, Will. Tim and I left her there half an hour ago, and I told her to get some sleep."

"Don't give me a run-around," Gentry's face was choleric, his voice heavy with suppressed anger. "If you're hiding her out so she can't come down here to tell us whether or not this woman is Arlene Bristow, it'll mean your license."

"Hold it, Will," Shayne's voice was even, but it became hard to match the Chief's accusation. "I haven't lied to you. Certainly not about Lucy. If she isn't at home I'm more worried about her than you are."

GENTRY pounded at him. "Why did you and Tim make a trip down here unless it was to see if she answered Lucy's description of Jack Bristow's sister?"

"Because we wondered if she might be someone else," Shayne looked past Gentry to the police surgeon. "You notice that scar on her tummy, Doc?"

"The appendectomy?" Dr. Martin shrugged. "Within the last six months at least. I wasn't aware it was relevant when I examined her."

"Will you swear she isn't Arlene Bristow?" demanded Gentry.

"Why no. I never saw Miss Bristow."

"But Lucy could swear to it?" "I presume so. I believe she knew the girl fairly well a few years back. See here, Will, what possible reason have you for thinking she might be Arlene?"

"From now on, you're going to be answering questions instead of asking them," was the police chief's uncompromising reply. He turned back to the man behind the desk. "You were just about to tell us about some other parties who have been in tonight to see her?"

"Let us show you how easy it is to drive a CHRYSLER!"

Chrysler owners know it and we'd like you to know it—Chrysler is winning performance honors, hands down!

Come prove it to yourself by taking the "100-Million-Dollar Ride!" It's a driving thrill that no other car can give you... with America's finest family of V-8 engines to choose from... up to 300 hp; mightiest of all! Teamed, mind you, with PowerFlite automatic no-clutch drive... which for honey-smooth take-off power leaves even "second best" out of sight!

Chrysler is a big car. Low, long and sleek. It has fashion

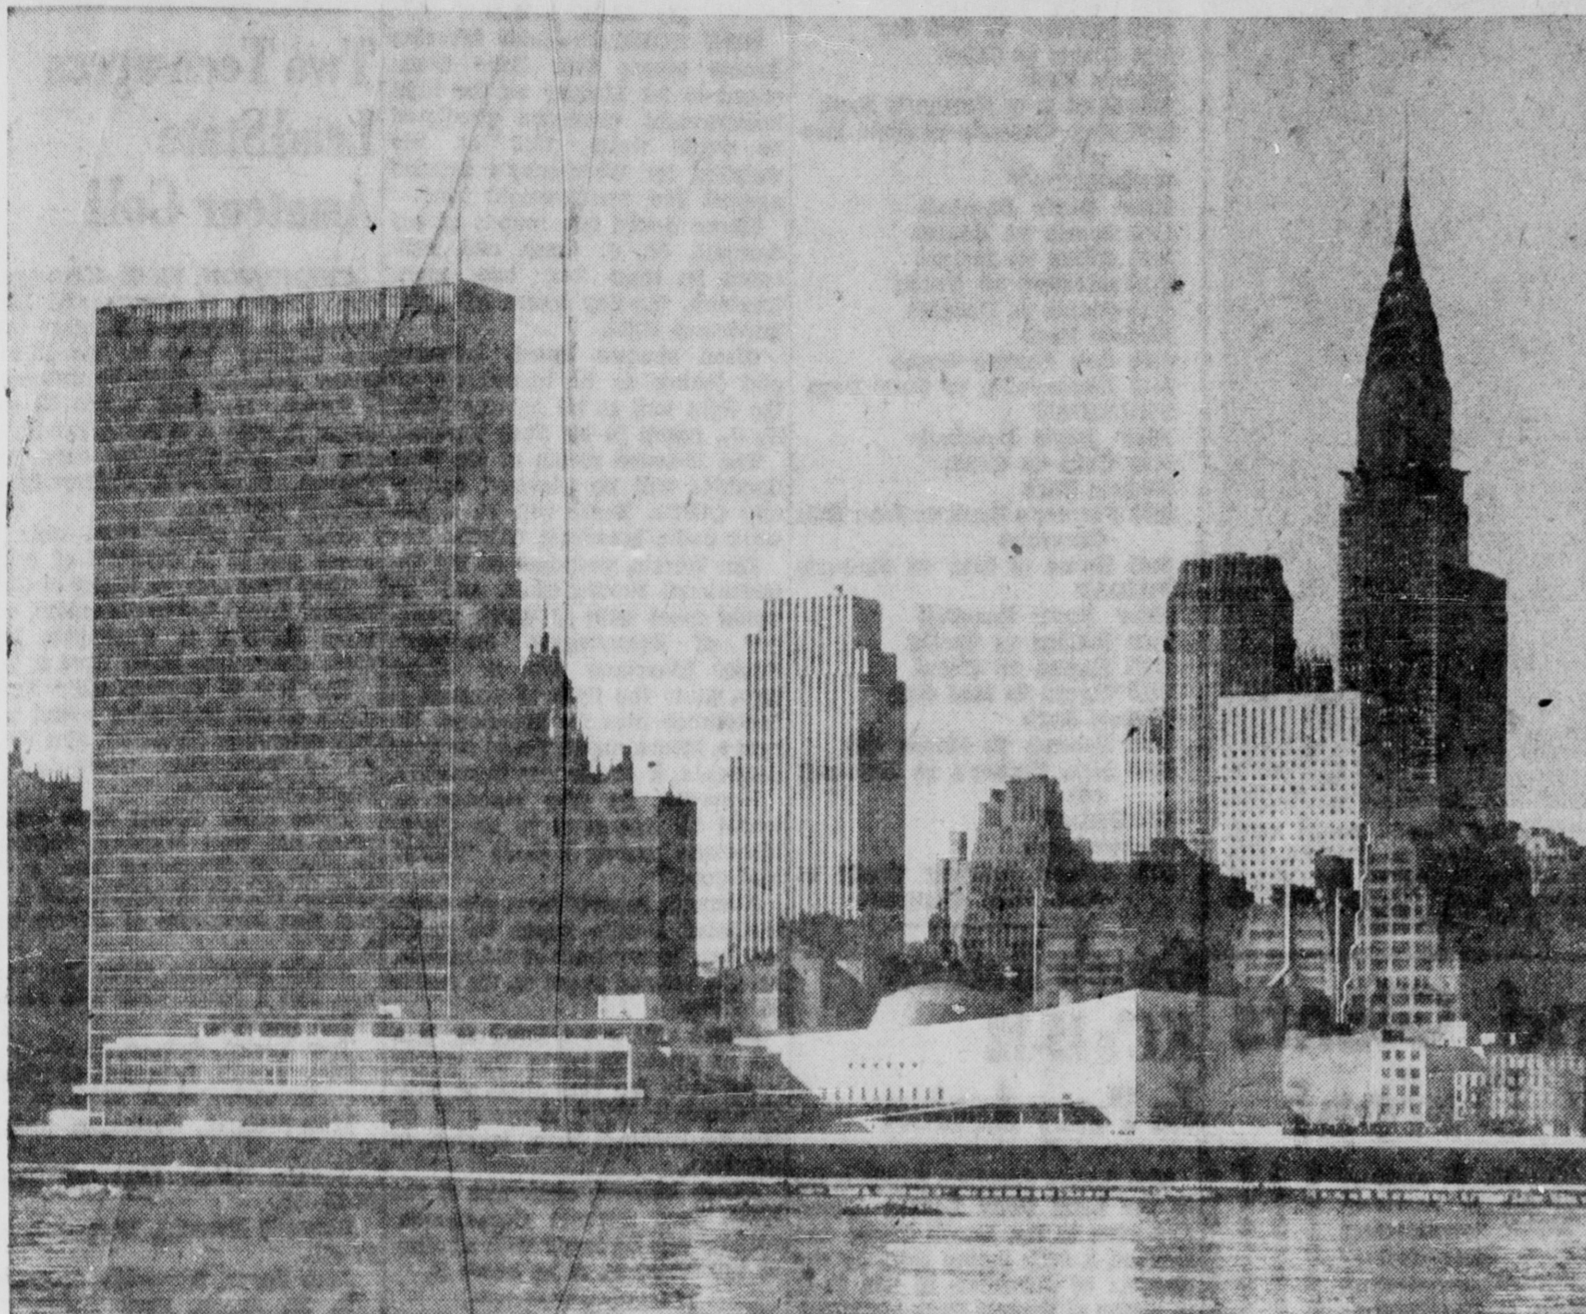

experts coining new terms to fit it, like "tailored steel." Yet, thanks to countless exclusive drive-features (all Chrysler-originated) it handles as easy as a wave of your hand. There's Full-time Power Steering, for one. Chrysler Power Brakes, for another. Extra large... extra easy to apply... extra safe stopping power!

That's why we say you're not only miles ahead in a Chrysler, but years ahead as well. Isn't now a good time to start pacing the field in the car that's the big news of 1955? We're ready to start you off—the minute you say when!

NETS AID JET SAFETY

YOU'VE HEARD about safety nets for rescuing persons leaping from burning buildings. Well, at Farmingdale, N. Y., they're using a kind of safety net to rescue jet planes in trouble. Three remote-controlled crash barriers, called "jet traps," are being used to halt jet fighter-bombers in less than one-half the distance needed to stop a plane using aircraft brakes. Trap is made of 72,600-pound anchor chain linked to a six-foot-high web of nylon, canvas and steel cable. The web lies flat across runway. Inside, tower operator can raise barrier instantly by remote electrical control.

Traps catch nose wheel, then landing gear of Thunderbolt. Cable is linked to chain.

Built at cost of \$125,000, the devices prevent planes from speeding off end of runway.

Plan Big Welcome For Jack Fleck

DAVENPORT, Iowa (P)—Friends, civic leaders and public officials joined hands Monday to prepare the welcome of his career for U. S. Open golf champion Jack Fleck when he returns home here Tuesday.

Signs bearing the message, "Welcome Home, Champ," were blossoming on every hand.

Fleck is to fly from San Francisco, where he defeated the great Ben Hogan for the title in an epic playoff Sunday, to Chicago Municipal Airport. His wife and young son, Craig, are to be flown to Chicago for the reunion.

Then the Flecks will fly to Davenport Airport where they are expected at 8 a. m. (CST).

This will touch off an enthusiastic civic welcome from Fleck's home community, friends and neighbors.

The airport has been decorated in welcome dress. Bands have been engaged, gifts purchased and a public subscription project has been initiated by the Davenport Newspapers to provide funds to get Fleck a new car.

Ham Richardson Eliminated By Davidson At Wimbledon

BY STERLING SLAPPEY—(P) WIMBLEDON, England.—Sweden's slugging Sven Davidson whipped American star Ham Richardson in a rugged five-set match Monday to lead a rout of seven Yanks on the opening day of the Wimbledon Tennis Championships.

The second prominent American to follow Richardson to the sidelines was 41-year-old Gardner Mulloy who was playing big league tennis when many of the youngsters of the 69th Wimbledon championships weren't as tall as the racquets they now use.

Mulloy of Miami, Fla., lost to Britain's No. 1 player, Tony Mottram, 6-1, 6-4, 6-1 while Richardson of Baton Rouge, La., put up a much tougher fight before losing to Davidson, 4-6, 6-3, 6-4, 4-6, 8-6.

The eight-man seeded racers stood intact with only Lew Hoad, No. 4 ranked, and Jaroslav Drobny, defending champion from Egypt, having any real difficulty.

Drobny, seeded sixth, won from Rene Buser of Switzerland, 6-3, 6-1, 6-2, despite a minor shoulder injury and appendix trouble. Drobny annually is a near hospital case

By SHELDON SAKOWITZ
NEW YORK (P)—Don Mueller, dubbed "The Magician" because of his batting skills, is up to his old tricks again.

The New York Giants' outfielder boosted his batting average 17 points to .339 last week to close in on Philadelphia's Richie Ashburn, who leads the National League with .352.

Mueller started the season with a flourish and was leading the league most of May before his average dipped. Ashburn replaced Mueller as the leader May 26 and has maintained his advantage since.

Ashburn went 10-for-28 last week and gained one point. Mueller, meanwhile, collected 13 hits in 28 trips in advancing from seventh. Figures include Sunday's games.

Cincinnati's Ted Kluszewski and Dale Long of the Pirates share third place with .335 each.

Detroit's dazzling duo of Al Kaline and Harvey Kuenn continue to run one-two in the American League race, but they had to take a back seat to Chicago's Nellie Fox, who supplied the week's biggest batting noise. The Sox' second sacker vaulted into third place by lifting his average 28 points to .329.

The 20-year-old Kaline, who heads the parade with .379, lost four points while going 8-for-23. Kuenn, second at .343, hiked his average two points to .343 on seven hits in 19 at bats. Fox, seventh last week, delivered 16 hits in 31 at bats.

Vic Power of Kansas City fell from third to fourth with .324, but his average remains the same.

Duke Snider of the Dodgers tops the National League in home runs with 23 and also has batted in the most runs, 68. Mickey Mantle of the Yanks is the American League home run pacesetter with 16 and is tied for RBI laurels with Boston's Jackie Jensen. Each has 47.

Clem Labine of Brooklyn has the best won-loss percentage among National League pitchers with a 5-0 record and Sam Jones of the Chicago Cubs is tops in strikeouts with 87. In the American League Chicago's Dick Donovan and Cleveland's Early Wynn are deadlocked for pitching supremacy with 8-2 slates each. Herb Score of the Indians has struck out the most batsmen, 111.

Doyle, Goodrich Tie In Club Golf

John Doyle fired a 77-8-69 and O. E. Goodrich a 78-9-69 to tie for first place in the class A low net tournament held at the Jacksonville Country Club Sunday.

Class B honors went to Bud Walker with a 78-14-64 while Don Douglass took class C play with a 83-18-65.

BROWNS SIGN GROZA, MORRISON
CLEVELAND (P)—The Cleveland Browns Monday signed veteran tackle Lou Groza and backfield man Fred Morrison to 1955 contracts.

FAN BREEZES

BY BILL MERRIS

It finally looks as if Jacksonville will come up with a baseball team. When Ernie Johnson and his Ebenezer team decided to call it quits the ball started rolling and our town may really come up with a fine club in the Illinois River Valley loop.

The Ebenezer team decided they couldn't keep both a softball and baseball team playing and have dropped their hardball entry in the IRV league. As always seems to be the case, it was the lack of sufficient funds that caused the local club to drop out of the league. However, it looks as if Johnson turned the franchise over to a man who plans on fielding a team Sunday that will make it rough on opposing nines.

Walter McEvers is out to field a club our town can be proud of. With a little help from a few of the business houses he could do just that. It won't take too much but every ball team has to have money for balls, bats and catching equipment. It'll take a minimum of \$300 to get the club on the field. However, this includes uniforms and it will take time to get these.

We've heard several local fans say they would help promote a team. Now's their chance. McEvers and Bob Kraushaar have the players. All that's needed is a little cash. Some of the players lined up to play are Farrell Mitchell, Charley Due, Bob Scott, Roger Ezard, Jim Phalen, Bob McEvers, Earl Furlong, Kraushaar and Bruce Murphy. There are many more who want to play and those wishing to give it a try should contact McEvers, Kraushaar or Don Painter.

The team has to be ready to play this Sunday in order to keep up with the IRV schedule.

WATERLOO NAMES WILLARD MARSHALL NEW MANAGER

WATERLOO, Iowa (P)—The Waterloo White Hawks of the Three I League Monday night released Fred (Dutch) Dorman as manager and named Willard Marshall of the parent Chicago White Sox to succeed him.

Marshall, 34, presently on the White Sox disabled list because of an injury, will take over here Wednesday night.

The White Hawks currently are in fifth place with 25 victories and 26 defeats in the class B league. They have lost 16 of their last 24 games.

Al Kaline, star outfielder for the Detroit Tigers, never has played in the minor leagues. He was signed for a bonus right out of high school.

Redlegs Hand Giants 5th Straight Defeat

CINCINNATI (P)—Cincinnati's Art Fowler, assisted by a four-run fifth inning, Monday night dumped New York 5-3 to give the Giants their fifth straight defeat, their longest string of the season. Starter Jim Hearn tossed the ball into the ground in the fifth allowing the Reds to scramble around the bases. Homers by Dusty Rhodes and pinch-hitter Bill Taylor, plus four Giant pitchers, failed to halt the Reds.

Hearn, who kept the Reds hitless through four brief innings, was routed in the fifth when Cincinnati exploded for four runs with only one man out. Hearn's control completely slipped when he apparently lost his grip on the ball after one run and threw into the ground.

Gus Bell opened the fifth with a single, followed by one more by Bobby Adams, and went home on Roy McMillan's single. Fowler bunted and was safe at first on Hearn's fumble while Adams scored and McMillan went all the way to third.

Johnny Temple singled in McMillan and Stan Palys doubled to left to score Fowler. Hoyt Wilhelm replaced Hearn and walked Ted Kluszewski. Wally Post then hit into a double play to end the inning.

Dusty Rhodes opened the scoring with his second home run of the season in the fourth frame, giving the Giants a 1-0 edge until the big fifth.

In the seventh, Bill Taylor batted for Wes Westrum, and socked a two-run homer.

President Tracks Down National Open Golf Winner

SAN FRANCISCO (P)—When the President of the United States wants to meet someone, he meets him.

Despite the fact that Jack Fleck, new National Open golf champion, had checked out of his motel, he was tracked down Monday afternoon and spent five minutes talking golf with President Eisenhower in the latter's hotel suite.

The President congratulated him on beating Ben Hogan in an 18-hole playoff Sunday, according to Fleck.

The search for Fleck began Monday morning when James Hagerty, presidential press secretary, telephoned Robert Roos, tournament chairman, to ask where Fleck could be found. Roos suggested the President might like a round of golf with the new champion at the Olympic Country Club where the tournament was held.

"The president hasn't overlooked the possibility," Hagerty informed Roos, "but he has to be back in Washington tomorrow."

The Gene's Sporting Goods entry in the local Pony League scored five runs in the fourth frame and stopped a fifth inning rally by the Knights of Columbus to win 15-12 in action at Nichols Park last night.

McPherson and Scott did the hurling for the winners. Merritt Norvell started on the mound for the losers but was forced to leave the game in the third after being spiked on a play at the plate.

Norvell and Fortado hit home runs for the KC nine.

Al Kaline Takes All-Star Lead

CHICAGO (P)—Al Kaline, baseball's top-ranking right fielder, Monday became the individual leader in the All Star poll.

Kaline, who plays right field for the Detroit Tigers and holds the highest batting average in the major leagues with .379, has gathered 92,776 votes.

Roy Campanella, Brooklyn catcher, is second in individual vote totals with 90,323. Yogi Berra, New York Yankee catcher, stands third with 89,506.

The fans are voting for the players they want to start the annual game between National and American League squads. The game will be July 12 in Milwaukee.

Jockey On Way To Riding Mark

OCEANPORT, N. Y. (P)—Sammy Boulmetis, 27-year-old jockey, appeared on his way to a new riding record Monday with 13 winning mounts in the first seven days of racing at Monmouth Park.

If Boulmetis keeps up the two-day clip for the remainder of the 50-day Monmouth meeting he will easily break the record of 55 winners set in 1951 by Jimmy Stout, who quit riding last year.

Bobcats Edge Mrs. Tucker's

The Bobcats pushed three runs across in the bottom of the seventh inning to come from behind and defeat Mrs. Tucker's 20-19 in a softball game played at Nichols Park last night.

Baptist knocked in two of the winning runs and scored himself on an error in the final inning. Furner went all the way for the Bobcats and was the winning pitcher.

Thornton and Watson hurled for the losers.

Baptist was the big-gun for the Bobcats with four hits including two homers.

Dee Fondy, first baseman for the Chicago Cubs, accepted 310 fielding chances before he made his first error this season.

Moore Favored 2-1 In Wednesday's Title Bout Against Olson

By JACK HAND
NEW YORK (P)—Odds favoring Archie Moore over Bobo Olson edged to 2-1 Monday as the light heavyweight champion predicted he would weigh 174½ at the weigh-in for Wednesday's defense against the middleweight king.

Moore boxed two rounds at his Summit, N. J., camp and indicated he may box two more Tuesday, the day before his most important fight.

Olson shadow boxed, laughing and joking as he turned up on the light bag at his Asbury Park, N. J., camp in his final workout.

The 15-round match at the Polo Grounds will be televised nationally (ABC). There will be a network radio broadcast (ABC).

Jim Norris, president of the International Boxing Club, said he would meet with Al Weill, manager of heavyweight champion Rocky Marciano two or three days after the fight to arrange a September bout for Marciano. He said a Moore match would be very desirable, if Archie won decisively.

However, he also claimed he would be interested in an Olson-Marciano match if Bobo "looked real good."

Although reports from his camp indicated Archie might be under the light heavy limit of 175 pounds, he still refused to get on the scales in public.

Moore will get a two-hour period of grace to make the weight if he fails the first time at noon Wednesday. What happens if he doesn't make it then, is open to question.

Julius Helfand, chairman of the New York Athletic Commission, said he will be ready with a ruling at the weigh-in, if he needs it.

Marshall's 66 Leads NCAA Golf Qualifying Play

KNOXVILLE, Tenn. (P)—John Marshall, amazing University of Iowa sophomore from Hampton, Iowa, sizzled in with a six-under-par 66 Monday for a commanding lead in the first 18-hole qualifying round of the National Collegiate (NCAA) Golf Tournament.

Marshall's 32-34-66 appeared an almost impossible goal for them to beat.

Par on the 6,993-yard Holston Hills Country Club course is 36-36-72.

Two strokes behind Marshall, with a 34-34-68, was Purdue sophomore Joe Campbell from Anderson, Ind.

Paired with 69s were Floyd Addington, Southern Methodist University law student, and John Pott, Louisiana State, from Brookhaven, Miss.

The low 64 in the second 18-hole qualifying round Tuesday began match play Wednesday with the 36-hole finals scheduled Saturday.

OLDEST RESIDENT DIES

LIFE INSURANCE SALES INCREASE

NEW YORK (P)—Purchases of life insurance in May rose to \$3,612,000,000 compared with \$3,338,000,000 in the same 1954 month, the Life Insurance Agency Management Assn. reported Monday.

Darrell Floyd, All-America basketball player at Furman University last season, was named the athlete of the year in the Southern Conference.

Pacific Coast, Big Ten Track Meet Starts Today

BERKELEY, Calif. (P)—The Pacific Coast Conference rated a slight favorite over the Big Ten Monday night on the eve of the 14th annual track meet between the two major college athletic circuits in the country.

Field event strength was expected to throw the balance in favor of the coast schools in the twilight carnival at Edwards Stadium. Track competition opens at 6 p. m. PDT (7 p. m. CST) 15 minutes after the start of field activity.

Two Teen-agers Lead State Amateur Golf

CHAMPAIGN, Ill. (P)—Teen-agers Tom Brown of Aurora and Dick Correll of Robinson Monday took the halfway lead in the Illinois State Amateur Golf Tournament.

Brown, 18, fired a hot 33 and came in with a 37 for a two-under par 70. Matching his card was Correll, 19-year-old University of Illinois freshman.

Only two others were able to break par 72 in the field of 192.

They were George Victor of Golf, former Great Lakes champion, and Mike Stolarik of Waukegan, 1943 state champion. Each fired a 71.

The low 63 scorers after Tuesday's second qualifying round will join defending champion Jim Frisna of Taylorville Wednesday to begin match play.

Three other former state champions did well Monday. Norando Nannini of Highwood had a 73. Johnny Hobart of Moline had a 75 and Gus Moreland of Peoria had a 77.

Harold Foreman, three time winner, had a rough time with an 84.

New York Stock Market

NEW YORK (AP)—The stock market Monday made a good try at advancing, but light selling was enough to turn it back.

At the close, prices were highly mixed over a rather narrow range. The practical outside limits were about \$3 higher to \$2 lower.

A few major divisions developed some demand during the session. Among them were the rubbers, cement issues, chemicals, airlines, and major motors. The latter two sections, however, closed mixed.

Also mixed were the steels, disintegrators, nonferrous metals, and aircrafts.

Railroads started down late in the day and closed lower. Brokers have been watching the railroads closely. Early last week they made a strong showing but subsided.

Without sustained strength in the railroads, these brokers contend, the rest of the market will lack a firm foundation for an advance.

The Associated Press average of 60 stocks was down 10 cents at \$111.20. On Friday it was up 60 cents at a new high mark, the eighth new high in ten sessions.

Monday the industrial component of the average was up 20 cents at a new high of \$234.70, and the utilities were up 10 cents at a new high since 1931 of \$73.50. The railroads, however, declined 70 cents at \$136.50, nearly \$2.00 under the high of the year.

Volume was good at 2,490,000 shares. That compares with 2,340,000 shares Friday.

The American Stock Exchange was mostly higher on volume of 1,100,000 shares, compared with 990,000 shares Friday.

New York Bond Market

NEW YORK (AP)—Some convertible obligations were in demand in an otherwise narrowly mixed bond market Monday.

U. S. government bonds barely budged.

Utilities tended to improve and industrials to lose ground. Railroads and convertible obligations were mixed. Changes throughout the corporate list were generally minor amounts and trading was highly selective.

"Big Board" volume amounted to \$4,004,000 par value, compared with \$3,970,000 Friday.

Most Contracts Fall On Board

By LAWRENCE N. ELDRED
CHICAGO (AP) — For most contracts on the Board of Trade Monday there was just one direction—down. A mild rally toward the close only partially wiped out the day's losses.

At times wheat was off more than two cents. There had been a pickup over the weekend in terminal receipts of new crop wheat and more of it than expected appeared to be of low quality.

The wheat growers' referendum covering 36 states next Saturday loomed as a great question mark over the trading floor. Until results of it are known, the trade expects little stimulus in the market.

Wheat closed 3 1/4-1 1/2 lower, corn 1/2 higher to 3/4 lower, oats 1/4-1/2 lower and rye 1/2 lower to 1/4 higher. Soybeans were 1/4 to 1 cent lower and lard 5 to 10 cents a hundredweight lower.

More rain fell in the winter wheat Southwest during the week-end and more was expected in all states except Kansas. Harvesting was held back farther, to such an extent that fears were being expressed the southwestern crop now will bump into the later maturing crops in the Midwest.

The first new wheat from southern Illinois reached market late last week in Vincennes, Ind., and in St. Louis. The crop in southern Indiana and Illinois is reportedly maturing rapidly.

Soybeans and lard were helped at the start by strength in earlier opening soybean, meal, and hog markets, but this support eased as trading progressed.

In the wheat referendum, farmers will decide whether they want to retain quotas next year. Two-thirds of those voting must approve the quotas to make them effective. If the referendum passes, the 1956 support price nationally will be \$1.81 or 76 per cent of parity. If it fails the price will fall to \$1.19 or only 50 per cent of parity.

CHICAGO LIVESTOCK MARKET REPORT

CHICAGO (AP)—All it took Monday for hogs to reach a new 10-month high price was a strong to mostly 25 cents higher market. The top touched \$22.65 for choice weights averaging 201 pounds, within a dime of the prior high price Aug. 26.

Cattle were unevenly 25 cents higher to as much lower but mostly steady. Sheep were steady to weak, lambs showing the weakness.

Most butcher weights in the 9,500 hogs on sale tested choice and sold from \$18.75 to \$22.50. Sows brought \$14.00 to \$18.00 for the most part. Outside order buyers accounted for 3,000 head.

Good to prime fed steers sold from \$18.00 to \$25.50, the top. Most comparable grades of heifers had outlet at \$19.00 to \$23.00, but one prime load took \$24.25.

The market's weakness showed up on cows which brought \$14.75 downward on commercial and poorer. A few prime vealers sold at \$23.00.

Both shorn and spring lambs were steady to weak. Trading was moderately active. Good to prime springers took \$24.50 to \$25.50, but just prime kinds did \$25.65. Eight decks of mostly good and choice shorn sold in a range of \$18.85 to \$20.25. Ewes were \$5.50 downward.

CONVENTION-BOUND FIREMEN ARE HANDY

KINGSTON, N.Y. (AP)—Fire broke out in a load of lumber which Ralph Dunn, of Montgomery, N.Y., was trucking along the New York State Thruway.

He and a passing motorist were battling the flames when over the hill came the radio car of a fire company bound for a convention.

Back flashed a message and up came a posse of firemen, hoses at the ready. They squirted the fire out and went on their way.

NATO'S BIGGEST AIR MANEUVER BEGINS

TRIESTE, Germany (AP)—Hundreds of Allied jet planes converged on U. S. bases in France and West Germany Monday for the biggest air maneuver in NATO history.

Purpose of the nine-day exercise is to test NATO air and ground units in operational procedures under simulated war conditions.

AT WHITE HALL HOMECOMING

WHITE HALL—"The Claires," billed as one of the finest novelty acts in the world, has been booked for an appearance at the 17th annual Lions Club Homecoming Monday afternoon, July 4, at the Lions club park. The act has appeared on Ed Sullivan's Toast of the Town and Super Circus. It is a combination of acrobatic, juggling, and acrobatic talent. "The Claires" will be on the program at the big homecoming at 3 p. m. July 4.

S. Viet Nam Asks 50,000 More Men In Reorganized Army

SAIGON, South Viet Nam (AP)—South Viet Nam has asked the United States and France to reconsider the reorganization of her armed forces to leave 150,000 men under arms at the end of this year, instead of the 100,000 originally scheduled.

Authoritative quarters disclosed the request Monday. It coincides with the arrival in Saigon of Gen. Augustin Guillaume, chief of staff of the French army, who is expected to discuss repatriation of the remnants of the French expeditionary corps with French officials here and the Vietnamese government.

Under the French-American-Vietnamese agreement concluded early this year the United States has assumed responsibility for training and reorganizing the Vietnamese armed forces.

One of the key recommendations of Gen. J. Lawton Collins, President Eisenhower's special envoy here, was that the army be cut from 217,000 men to 100,000 by Dec. 31.

Since then major difficulties have slowed down the rate of demobilization. These included the war against the rebel Binh Xuyen society.

The Vietnamese request is expected to be favorably received in Washington.

Welfare Secretary 'Satisfied' With Handling Of Drug

WASHINGTON (AP)—Secretary of Welfare Hobby Monday night put responsibility for federal actions in the Salk polio vaccine situation on Surgeon Gen. Leonard A. Scheele, but she was not dissatisfied with the way he handled them.

She said the law on control of biologicals such as the Salk vaccine "charges the Public Health Service and not the secretary" with such responsibility.

She also said she did not think it would be known "whether or if" there was any negligence in the Public Health Service in connection with the vaccine until "the answer to the Cutter problem is known."

She referred to development of polio in children who received vaccine made by Cutter Laboratories of Berkeley, Calif.

On a radio show—MBS—"Reporters Roundup"—Mrs. Hobby was asked if, in retrospect, she has any apologies about the way the off-again, on-again, almost stalled program has been handled, and if in looking back she wished she had done anything differently.

"There is nothing I could have done differently," Mrs. Hobby answered. "The law charged the Public Health Service and not the secretary." The Health Service headed by Dr. Scheele is an agency of the Welfare Department, headed by Mrs. Hobby.

TO REPLACE SCHOOL: HAS FAMOUS ALUMNI

CHICAGO (AP)—A 98-year-old elementary school with a host of distinguished alumni was slated for replacement Monday by the Board of Education.

Abraham Lincoln's son "Tad," actress Lillian Russell and producer Flo Ziegfeld attended the Brown School at 1758 W. Warren on the West Side. Thomas "Tad" Lincoln was a pupil there in 1865.

A new Brown School will have 24 classrooms, two kindergarten, library assembly hall, gymnasium, cafeteria and special purpose rooms.

WON'T BE AT FAULT IF ICE DOESN'T CATCH ANY TROUT

CONCORD, N. H. (AP)—If President Eisenhower does not catch trout in Maine during his New England visit this week, it will not be New Hampshire's fault. Granite State craftsmen were busy tying flies Monday which will be presented the chief executive before he crosses the state line into Maine Saturday.

Also, some New Hampshire anglers were detailed to catch some native trout for Ike's breakfast—just in case they are not rising in Maine.

\$300 Telegraphed Report Gets 'Coat' Of House Probers

By ED CREAUGH
WASHINGTON (AP)—House investigators were told Monday the State Department spent some \$300 to send by cable a report on the goat situation in the Middle East.

"It was," said Hamilton W. Wright, who headed a management survey of the department, "an interesting report. It told how black and white female goats have more offspring than solid color goats."

But Wright told a Government Operations subcommittee he thought the goat situation was not so changeable, minute by minute, that the report couldn't have gone by mail.

Chairman Hardy (D-Va.) quipped: "If it had been rabbits I might be able to understand the need for haste."

Wright ran the 10-month survey for Robert Heller and Associates, a private firm which has been hired to check the efficiency of many government and private organizations.

Wright said the study disclosed a number of "administrative weaknesses" reflected by such things as the 3 1/2-page goat cablegram. He said he made recommendations that figured to save the government \$255,000 on telegram tolls alone in this fiscal year. All told, he said, the firm's recommendations actually saved \$365,535 last fiscal year and were calculated to save \$590,000 this year.

Lyons said the use tax would stabilize sales tax collections by discouraging out-of-state buying and protect many Illinois retailers from out-of-state competition.

The use tax bill has heavy support from border district legislators.

Lyons said the U.S. Supreme Court has upheld an Iowa use tax law and several other states have similar revenue statutes.

Ford: 'I Favor Industrywide Wage Bargaining'

DETROIT (AP)—Henry Ford II said Monday he would like to see all the auto manufacturers bargain with the CIO United Auto Workers.

"I am very much in favor of industrywide bargaining," the president of the Ford Motor Co. said in an interview with the Detroit News.

"I can't say right now how it would turn out in the auto industry," Ford continued, "but I would like to see it."

The 37-year-old industrialist, whose company only recently agreed in bargaining with the UAW to establish a guaranteed wage plan, added he saw no reason why economic issues in the auto industry could not be bargained at a national level, with local plant problems left to individual negotiations.

"I know a lot of people have said that industrywide bargaining in our business is implausible," Ford continued, "but how can they say that when it's never been tried?"

"I think everything should be tried before we say that it can't work."

Ford said indications were that General Motors Corp. was against industrywide bargaining, while Chrysler Corp. might be for it. He emphasized, however, he spoke for neither.

There was no immediate comment from other industry sources or the UAW on Ford's remarks.

Navy Unveils New Carrier-Based Supersonic Jet

WASHINGTON (AP)—The Navy Monday permitted a guarded look at its newest supersonic carrier-based jet fighter, the XF8U1.

The announcement was made after a series of tests, which the Navy said successfully met requirements for a level flight speed faster than sound, exceptional altitude capability and a high rate of climb.

The plane was designed and built by Chance Vought.

Navy photographs show it to be slender bodied, with thin swept-back wings mounted high on the fuselage and set well back of the cockpit.

The plane has a short, pointed nose which is streamlined into a small cockpit canopy. That design improves the visibility so essential in landings on aircraft carrier decks.

It passes they'll be allowed to plant 55 million acres to wheat next year and could receive price support loans at 76 per cent of parity.

If quotas are not approved the price support level will be set at 50 per cent of parity.

Begin 'Get Out The Vote' Drive For Referendum

CHICAGO (AP)—A get-out-the-vote campaign is on in Illinois to Saturday's farmer referendum on 1956 wheat crop quotas.

The Illinois Agricultural Assn. says about 40,000 farmers in Illinois are eligible to vote.

Racket Grand Jury Indicts Four For False Testimony

CHICAGO (AP)—A federal grand jury investigating labor racketeering in the Chicago area Monday indicted four persons for giving false testimony to the jury.

All the defendants are accused of having lied in denying knowledge of protection payments to union leaders in the Fulton street egg market.

Those named defendants are Morris Ovson, 71, and his son, Leo David Ovson, 45, both former presidents of the Ovson Egg Co.; William R. Holloway, former accountant for the firm, and Burton Stone, head of now defunct handbill distributing firm.

The indictments, returned before Judge John P. Barnes, accuse the defendants of perjuring themselves in denying they had information concerning "contributions" and "gifts" to labor leaders.

Mentioned in the indictments—but not named defendants—are Joseph Paul Glimco and Max Podolsky, union officials already under indictment on charges of labor racketeering.

Glimco, official of a local of the AFL Taxicab Drivers Union, has been described by prosecutors as the "boss" of the Fulton street egg and poultry market. Podolsky is an organizer for the AFL Egg Inspectors, Egg Breakers, Handlers & Helpers Union.

Wright said the study disclosed a number of "administrative weaknesses" reflected by such things as the 3 1/2-page goat cablegram. He said he made recommendations that figured to save the government \$255,000 on telegram tolls alone in this fiscal year. All told, he said, the firm's recommendations actually saved \$365,535 last fiscal year and were calculated to save \$590,000 this year.

'Sharp Rise' In Number Of Illinois Mental Patients

SPRINGFIELD, Ill. (AP)—Admissions to Illinois mental hospitals showed a net increase of 987 over discharges during the first five months of this year, the State Welfare Department reported Monday.

The population of the institutions June 1 was 48,157.

Admissions averaged slightly more than 1,162 a month for January, February and March and jumped to an average of 1,215 for April and May.

Welfare Director Otto Bettag said the increase was the "sharpest experienced in some time."

The report showed that 49.4 per cent of all patients in the mental hospitals are suffering from schizophrenia or "split personality."

Women patients with this type of mental illness outnumber men by 6 per cent.

City To Receive Bids July 11 For Two New Power Sub-Stations

Bids for two sub-stations to handle a new surge of electric power when the City of Jacksonville begins the purchase of auxiliary current from the Illinois Rural Electric Co. at Winchester will be received and opened at 2:30 o'clock Monday, July 11, at the city hall.

The sub-stations, to be located adjacent to the municipal generating plant on East Morton avenue, and in Veterans Memorial park in the west section of the city, will cost in the neighborhood of \$115,000. The entire project of extending and expanding the city's electric system will cost an estimated \$300,000, to be financed by electric revenue bonds.

The city council took important strides last night toward entering

Dale Gordon And Wife Injured In Accident

Mr. and Mrs. Dale Gordon, former residents of this city who have lived in Quincy the past year, were seriously injured Saturday night in a head-on automobile collision at Hannibal, Mo.

Mrs. Gordon, the former Pearl Davis, and Mr. Gordon are patients in St. Elizabeth hospital in Hannibal. Mrs. Gordon is suffering with two deep lacerations on her forehead, a deep cut on her left hand, and a fracture of the left arm and possible internal injuries.

Mr. Gordon, who was driving at the time of the crash, was badly bruised and suffered lesser lacerations and abrasions, received treatment at the hospital and was released that night, returning to the couple's home in Quincy. He returned Sunday to the hospital where further examination showed he is suffering from a fracture of one knee.

The accident occurred shortly after 9 o'clock when the car in which the former Jacksonville couple was riding was struck by an automobile driven by Milton Robert O'Brien, 45, of Hannibal. O'Brien was also injured and taken to St. Elizabeth's hospital.

While still a patient, O'Brien was arrested Sunday and charged with driving while intoxicated. He pleaded innocent and will stand trial in Hannibal on Saturday, June 25.

For a number of years Mr. and Mrs. Gordon were associated with Mrs. Gordon's brother, Earl Davis, in the Davis Office Supply business in this city. A year ago last spring they moved to Quincy and opened the Gordon Typewriter and Office Supply store.

Members of the Davis family went to Hannibal Sunday to learn more particulars of the accident which was first learned of in Jacksonville when friends of the family heard a news broadcast.

When the crash occurred Mrs. Gordon was thrown through the windshield of the Gordon car, a Dodge traveling on highway 61, near the city limits. O'Brien, the other driver, is suffering from a knee injury.

Harry Laird, Past Griggsville Mayor, Called By Death

PITTSFIELD—Harry C. Laird, prominent resident of Griggsville, died at 10:05 a.m. Monday at Illini hospital at the age of 73.

He was born at Maysville, Ill., on Feb. 5, 1882, the son of William and Anna Osborne Laird. He was married on Aug. 30, 1904, to Grace Harvey of Griggsville and she survives.

Mr. Laird is survived by his wife, four daughters, Mrs. Florence E. Dowell of Pekin, Miss Josephine McLaughlin of Griggsville, Mrs. Constance King of Bloomington and Mrs. Phillis Gough of Sacramento, Calif., two sons, W. Knowles Laird of Springfield, and Chauncey H. Laird of Peoria, five sisters, Mrs. Margaret Pressley of Omaha, Neb., Miss Annetta Laird, Miss Mae Laird and Mrs. Hester V. Dunham all of Griggsville and Mrs. Grace E. Cook of Eagle Lake, Tex., two brothers, M. W. Laird of Griggsville and C. T. Laird of Elgin, nine grandchildren and one great-grandchild.

He has served as mayor of Griggsville, president of the Griggsville School Board for 30 years, member of the Cemetery Board, former president of the Chamber of Commerce, member of the Presbyterian church and a member of the Griggsville A. F. & A. M. 45. Mr. and Mrs. Laird observed their golden wedding anniversary in August 1954.

Funeral services will be held at 2 p.m. Thursday at the Griggsville Methodist church with interment in the Griggsville cemetery.

The remains are at the Skinner Funeral home in Griggsville.

TRUCK, TRAILER DAMAGED IN WRECK

An accident west of Jacksonville on route 36 left a 1950 GMC pickup truck driven by S/Sgt. William Borling, South Bend, Ind., and pulling a house trailer in the ditch on the left side of the road after he and Clarence E. Townsend of Springfield, driving a 1950 Dodge sedan, sideswiped each other.

Borling was on his way to California and Townsend was on his way to Jacksonville at the time of the accident. Neither of the vehicles were damaged in the sideswiping, but the truck and trailer were damaged when they struck the ditch. No one was injured.

State Patrolman Balke was at the scene of the accident.

Slayers To Spend 'Anniversary' Of Crime In Solitary

CHICAGO (AP)—Two women convicted sentenced to 180 years in prison for the slaying of a clerk 19 years ago again will be required to spend the anniversary of their crime, June 6, in solitary confinement.

Judge Cornelius J. Harrington added the additional punishment when he sentenced Mrs. Blanche Dunkel, now 40, and Mrs. Evelyn Smith, now 66, for the murder of Mrs. Dunkel's son-in-law, E. Vin Lang, 28.

Judge Harrington's once-a-year isolation order was carried out each year by the superintendent of the Dwight Women's Reformatory, where the women are confined, until last year. Illinois Atty. Gen. Latham Castle then ruled that the order need not be followed.

Monday, however, Judge Harrington said he had been informed by Asst. Atty. Gen. John L. Davidson that Castle's ruling was incorrect. The judge said Davidson told him he would advise Ruth Bieder-mann, Dwight superintendent, that Harrington's order must be carried out.

At the trial Harrington said Lang's slaying was "one of the most vicious, premeditated assassinations, solidly plotted and unfeelingly executed."

The women were convicted of murdering Lang after testimony indicated he planned to break off an illicit romance with his mother-in-law and marry another woman.

According to trial evidence, Mrs. Smith, promised \$500 for her part. Pled Lang with liquor, drugged him with ether and strangled him in her apartment. Then she and her husband dismembered the body and scattered the parts.

Mrs. Smith's husband fled and never has been found.

Bloodmobile To Visit City One Day Only, July 1

Mrs. Leda Lewis, executive secretary of the local Red Cross chapter, announces a one day visit of the Bloodmobile to Morgan county on Friday, July 1st. The unit will be at the Masonic Temple from 12 noon to 6 p.m. standard time. The one day visit is contrary to previous practice and is an attempt to include all areas, giving the same calibre service at a minimum of expense to the Red Cross.

Since July 1st precedes a long holiday weekend many firms will be dismissing employees early and many can find time to give blood during this visit. Giving a pint of blood just before the Fourth of July holiday is somewhat prophetic; according to statistics many accidents occur on the highways and the pint of blood you give may save your life or that of your family. DON'T delay, phone the Red Cross Today, 1944, and make an appointment between the hours listed above to give blood July 1st.

He was ticketed for leaving the scene of an accident.

Illini Girls State Opens Tuesday With Registration Of 450

Illini Girls State will open Tuesday at MacMurray College with a registration of 450 young women, the largest in the 15 year history of the governmental training school sponsored by the American Legion Auxiliary, Department of Illinois.

The "citizens" of Girls State, all of whom have just completed their junior year in high school, will arrive Tuesday from all sections of Illinois, for the sessions which will run from June 21 through June 29.

A large number of Chicago girls and others residing in northern Illinois will arrive at Springfield by train, and will be brought to Jacksonville in buses, arriving at the college between 12:30 and 1 o'clock.

A staff of about 75 adult leaders was busy Monday preparing for the arrival of the girls, who will choose their own officials from county units on up. A governor is elected each year, along with many other officers.

The American Legion Auxiliary sponsors the school as one feature of its Americanism program, stressing the American form of government and teaching democracy.

Mrs. H. L. Hamilton of Bridgeport will serve as director of Illini Girls State for the ninth year. Mrs. Omar J. McMackin of Salem is Department President of the Auxiliary.

Mrs. Eugene Wolff of Greenville is dean of Illini Girls State. A number of officials and guest speakers will address the gathering during the next week.

A get-acquainted session is scheduled for Tuesday night, Spencer Lane, director of admissions at MacMurray, will welcome the girls and the staff of Girls State.
